## NEW STORM WARNINGS HOISTED ON NATION'S LABOR FRONT

## Arrests Ordered in Massacre

## 34 JAPANESE TO BE TRIED FOR ATROCITY

Nipponese Ordered Arrested Range in Ranke From Sergeant To a Lieutenant Colonel

## DIRECTIVE IS ISSUED

By RUSSELL BRINES

Tokyo, Sept. 28.—(AP)—General MacArthur today ordered the U. S. Eighth Army to seize 34 Japanese officers and men suspected of complicity in the fiendish massacre of Allied prisoners of war at Palawan in the Philippines, Dec. 11, 1944.

More than 100 prisoners, many of them Americans, were herded into a large air raid shelter. Buckets of gasoline and lighted torches were tossed in upon them. A few escaped, only to be mowed down by machineguns or hand grenades, or brutally bayoneted by their captors.

The Japanese ordered arrested range in rank from sergeant to Lieutenant Colonel Oie Satoshi, presumably in command of the "murder detail."

The Supreme Allied Commander today forbade reopening of Japan's stock exchange without his approval, but approved reopening of factories to manufacture some essential goods in limited quantities.

Leaders of the workmen meanwhile met to form a new Socialist Party, and the reported reorganization of several war-defunct labor unions further marked acceleration of Japan's new liberal movement—which thus far has been markedly socialist. No group, thus far, champions a capitalist democracy.

One MacArthur directive gave the imperial government permission to produce textiles, certain metals, leather goods and trucks, and to process raw rubber under specific restrictions laid down by him previously.

It approved requests for the use of 18,000 tons of steel, 6,000 tons of aluminum, 10,000 tons of electric wire, 10,000 metric tons of leather and 6,000 tons of raw rubber.

Requests for an additional 10,000 metric tons of leather and another 10,000 tons of raw rubber were denied.

MacArthur approved the manufacture of motor trucks, but denied the Japanese permission to produce passenger vehicles.

Manufacture of textiles was approved provided they contained raw silk, silk yarn, silk thread or silk mixture woven goods.

On the agricultural front, the newspaper Mainichi reported that Allied headquarters had approved the use of idle airfields for farming to help alleviate food shortages. It said the government requested the conversion of fields not being used by the occupation forces into plots for sweet potatoes and other commodities.

MacArthur told the imperial government that any request for reopening the stock exchange or any similar institution must be submitted to him with detailed plans—in line with his program of controlling Japan's finances to put the nation on a firm economic footing.

Donnel reported that the government was considering a wholesale reorganization of the Bank of Japan, which had kept the war machine and supporting industries operating. A few days ago, a Tokyo newspaper reported the bank's notes had increased 13,000,000,000 yen since the Aug. 15 truce. It warned that the increase threatened further inflation with resulting hardship on the already destitute Nipponese.

Donnel reported the war pared Nippon's total shipping bottoms from 6,300,000 to 1,500,000 gross tons. It estimated that only 300 vessels with an aggregate 580,000 (Turn to Page Thirteen)

It was an historic occasion—one without precedent in Japanese history—when Emperor Hirohito called in person at the U. S. embassy in Tokyo and was received by Gen. Douglas MacArthur, the supreme commander for the Allies. The two are pictured above in the embassy's main living room.

## Giant C-54 To Open Regular World-Girdling Trips Today

By PAUL MILLER

Washington, Sept. 28.—(AP)—A giant C-54 thunders eastward over the Atlantic late today, opening the first regular world-girdling schedule. It will carry to high adventure seven men and a woman who will be guinea pigs as well as observers on the 23,147-mile flight.

Taking off at 5 p. m., EWT, from Washington National Airport, the 40-passenger Douglas Skymaster of the U. S. Army Air Transport Command heads first for Bermuda.

Then, after a one-hour stop, it wings on the Azores to North Africa, to Egypt, to India, to China, and back home again—in 151 hours—by way of the Philippines, Honolulu and tiny Pacific isles made sacred by the blood of American fighting men.

Planes of the A. T. C. have circled the world many times. This schedule, "the globester," will be the first continuous "round-the-world" service. And more than the mere novelty of the effort is wrapped up in the inaugural journey.

Throughout the flight tests of many kinds will be made among the three A. T. C. headquarters officers, an A. T. C. public relations officer, a photographer and three reporters who of the more than 20 aboard "the globester" at the start will be the only ones to go the entire route.

All were given thorough physical examinations. They will undergo further examinations upon their return next Thursday, Oct. 4, at midnight. En route they will observe—and be observed—for fatigue, for sickness, reaction to altitude. Out of the tests and observations may come conclusions leading to more passenger comfort and convenience than will be enjoyed even on this thoroughly plush journey.

Announcement of the starting was delayed with prospects they and crew, and of the other passengers might not be made known until takeoff time. Crews will be changed at intervals. Most of the passengers will disembark at various stops and be replaced. The eight ticketed for the full run are:

Col. M. S. White, Col. C. B. Al (Turn to Page Thirteen)

Lewis said the controversy has "no relation to wages, hours or working conditions." Contracts covering those matters were negotiated last spring.

"It is a major convulsion which stems from the refusal of you and your associates to permit the right of union membership and collective bargaining to be granted to the 50,000 foremen, supervisors and technicians of various classifications in the mining industry," Lewis said in his telegram to Van Horn.

Under the presently announced reduction in critical (service-men's points) scores, all shipping available through January will be utilized and as scores are lowered, personnel will be available to meet (all) shipping applications for February and March," headquarters said it was informed by the war department.

Monthly estimates for the return of troops are:

October, 120,000; November, 150,000; December, 185,000; January, 270,000; February, 240,000; March, 245,000; and April, 280,000.

Pacific, now is loading at Yokohama.

## Warren To Be Back On Slow Time Sunday

Warren will be back on Eastern Standard Time Sunday, proclamations, rumors and arguments to the contrary notwithstanding.

Burgess R. W. Steber this afternoon stated it was his intention in the proclamation printed this week, to have the borough return to Standard Time along with the rest of the nation, but that there was a misunderstanding as regards to the time that the change was to be made.

Since the change officially is to be made at 2 a. m., Sunday morning, Mr. Steber requests all citizens to have clocks back on Standard Time at that hour or before.

Churchgoers should remember that services on Sunday will be on Eastern Standard Time.

## BIG THREE ARE DEADLOCKED ON BALKANS

Informed Observers Say Question May Revert To Full Conference of Foreign Ministers

## RUSSIA HOLDING OUT

London, Sept. 28.—(AP)—Despite Russian insistence that France and China be excluded from discussions of Balkan peace treaties, informed observers said today the question might revert to the full conference of foreign ministers unless an American-British-Russian procedural deadlock could be broken.

The foreign ministers of the Big Three powers, U. S. Secretary of State James F. Byrnes, Soviet Foreign Commissar Vyacheslav M. Molotov and British Foreign Secretary Ernest Bevin, have been conferring on the procedure for drafting treaties with Romania, Hungary and Bulgaria in an attempt to reach some measure of agreement before the council is adjourned.

As the 25th formal session of the council was about to be convened, some officials acknowledged that the procedural impasse arose when the Russians felt they were fighting a four-to-one battle for Balkan influence, and wanted to reduce the number of adversaries.

Some delegates said the Russian argument, based on the decision at Potsdam that armistice signatories should draw up the treaties, was a good one, but added that the others were reluctant to abandon the five-nation principle.

Supported by the British and Americans, the French bitterly protested the Russian attitude.

London press comment on the conference switched from bitter criticism of Russia's attitude to exhortations to the public to remain patient in its hopes for permanent peace. But the liberal weekly New Statesman lashed out at the conference as "fantastic," and accused Russia and the United States of "grabbing all they can in exclusive concern with their own strategic interests."

Describing American foreign policy as "egotistic and indeed in the far East openly imperialistic," the weekly said "Japan is regarded as an American base to be exploited by United States business and maintained as a military asset." The paper charged that the five powers had failed to agree on "great issues on which the life or death of society depends."

The Greek government added a complication by announcing reparations claims of \$2,677,063,000 against Italy, which it said would be pressed at the peace conference. The United States attitude has been that reparations claims against Italy should be waived.

The board has to depend upon the vendors, and "the vendors say they have to wait until the federal government says if and when they're going to loosen up on grain," Gelder explained.

"What will happen two weeks from now when we've got to decide is beyond saying," he added. A new whiskey ration period begins October 14.

Even if federal restrictions on use of grain for alcohol were lifted now, Gelder said, "it would make some blends more plentiful but not scotch or bonded whiskey."

In connection with Auditor General G. Harold Wagner's announcement of approval of purchases for \$8,731,807 of various beverages Gelder said:

"We're buying all we can get of whiskey, and the purchases approved by Wagner constitute just what we've been getting from month to month."

They include 124,165 cases of domestic whiskey.

Washington, Sept. 28.—(AP)—President Truman today issued proclamations asserting United States jurisdiction over oil resources of the continental shelf beyond waters bordering all coasts.

Two companion orders were issued.

One reserved the natural resources of the continental shelf under the high seas and placed them under the jurisdiction of the secretary of the interior.

The other provided for establishment, under recommendation of the interior and state departments, of fishery conservation zones in areas of the high seas contiguous to the United States coast.

Petroleum geologists believe that portions of the continental shelf beyond the three mile limit contain valuable oil deposits, a White House statement said.

## Gen. Patton Reported On His Way to Report

U. S. Third Army Headquarters, Germany, Sept. 28.—(AP)—Gen. George S. Patton, Jr., has gone to Frankfurt on the Main to report personally to Gen. Eisenhower on denazification and other phases of his administration of the eastern military district of the American occupation zone, it was learned today. Eisenhower had summoned him to appear early next week.

Before his departure, Patton conferred with Robert Murphy, Eisenhower's chief political adviser.

Washington, Sept. 28.—(AP)—Senator Donnell (R-Mo.) contended today there is no basis for President Truman to say the senate let him down in not approving the administration's jobless pay bill.

Donnell shouted that the senate ought not to forget for one minute that "it is not a body subordinate to the president."

The Missouri senator took the floor to reply to a White House statement that Mr. Truman had told some house members the senate "let him down" in passing a bill later shelved by the house ways and means committee.

Donnell said that through the remarks of the president to house members, as disclosed by Presidential Secretary Charles G. Ross, "the implication is clearly drawn that the senate failed to perform its duty."

"The senate is not a body subordinate to the president, or subject to the duty of following his desires," Donnell told his colleagues. "There is no basis for the president of the United States to be of the opinion that merely because the senate fails to approve legislation suggested by him that the senate let him down."

There were no immediate signs however, that the talking to the president gave Democratic members of the house ways and means committee yesterday had changed any votes.

Harrisburg, Sept. 28.—(AP)—The Liquor Control Board still cannot determine when whiskey rationing will end in Pennsylvania.

Chairman Frederick T. Gelder said today.

The board has to depend upon the vendors, and "the vendors say they have to wait until the federal government says if and when they're going to loosen up on grain," Gelder explained.

"What will happen two weeks from now when we've got to decide is beyond saying," he added. A new whiskey ration period begins October 14.

## FRESH MAJOR DISPUTES MAY FORCE MORE THAN HALF A MILLION WORKERS OFF JOBS

Latest Controversy Centers on Walkout of 6,000 Textile Workers in Paterson, N. J., Area Which Closed 70 Plants

## NUMBER NOW IDLE SOARS PAST MILLION MARK

By The Associated Press

Labor troubles multiplied across the nation today, with nearly 2,000,000 away from work for one reason or another.

Actual strikes and shutdowns kept 400,000 off the job and there were 1,500,000 more affected in New York, directly or indirectly, because of the elevator operators and building service employees strike there.

Among latest developments were these:

A union spokesman estimated 62,000 walked out in 254 textile printing and dyeing plants in nine eastern states, despite a back-to-work order by their CIO union.

The workers demanded a 15 cents an hour wage increase.

The general executive board of the CIO United Retail, Wholesale and Department Store Employees of America authorized its Montgomery Ward & Company organizing committee to call a strike "if negotiations fail to terminate in an agreement."

The CIO United Packinghouse Workers Union said it would demand a general wage increase of 25 cents an hour from the industry.

John L. Lewis, United Mine Workers chief, asked the bituminous coal management negotiators to meet him Monday on the mine foremen's dispute, which has made 36,000 idle in Pennsylvania and West Virginia. The dispute revolves about unionization of foremen.

Across the country, strikes and shutdowns kept some 370,000 persons away from their jobs, and with the New York City idle the total number affected touched around 1,570,000.

Meanwhile, the threatened nationwide strike of 250,000 CIO oil workers was delayed. After meeting three days in Chicago, principals in the conciliation conference moved to Washington to resume their efforts to effect a settlement in the dispute over wage demands and of the 13-day strike of some 3,500 workers in eight states.

The move to Washington was suggested by Secretary of Labor Schweitzer. The union is asking for a 30 per cent wage rate increase, and in three days of negotiations in Chicago the conference was deadlocked.

**FITS WARREN'S PLAN**  
Announcement that the plan of Gov. Edward Martin to promote industrial expansion and employment and to stimulate greater interest and pride in Pennsylvania through the home folks fits into Warren's plan to make this area an attractive playground.

Floyd Chalfant, secretary of commerce, has arranged for eight meetings over the state by which the home folks will be acquainted with the scheme as laid out. One of these will be held in Warren, October 3.

Chalfant said detailed plans will be discussed for the setting up of county organizations in every county of the state to push "Pennsylvania Progress" sponsored by the Governor. Deputy Raymond Smith will head a group of speakers for the meetings and Smith will be accompanied by Industrial Field Representatives and members of the State Planning Board.

Warren's Chamber of Commerce has been discussing a plan to advertise this county and to make it a magnet to bring in tourists who love the great out of doors. Forest Supervisor R. F. Hemingway has also appealed to the Chamber of Commerce and to various clubs to aid in the project. Erection of cabins, cottages and small hotels in or close to the forest area is urged by Hemingway so that visitors will not be disappointed when they come to play, hunt and fish. He has also urged that appeals be made to the Congressmen to aid in securing appropriations for the Forestry Department to develop bathing, water areas and recreation areas in the great Allegheny State Forest. Every organization in town should take a hand in this and write to Senators Myers and Guffey and Representative Gavin.

It is noted that manufacturers of prefabricated camps and cottages are ready to make deliveries on such buildings and any desiring to erect camps can get the buildings without delay.

Of the drive to be fostered by the state Secretary Chalfant said:

"We are trying to stimulate among our own people a more enthusiastic appreciation of the industrial greatness and natural beauty of Pennsylvania.

"That is the underlying thought in the slogan 'Pennsylvania is a great state—tell someone about it.' The idea is to get all the people in the state talking about their state and then doing something to make it better."

He outlined four points to be emphasized in the drive:

- "1. 'Sell ourselves on the fact that Pennsylvania is the best state in which to live and engage in business.

- "2. Re-discover our state in all its attractiveness and its advantages.

- "3. Stimulate community self-appraisal and bring about organized work for the good of every community of the state.

- "4. Encourage industry and business—local and out-of-state—to expand their operations in the state."

**WAR SAVING TIME ENDS**

War Saving Time, which was inaugurated February 8, 1942, will end at two a. m., Sunday, when the nation goes back on Standard Time.

Don't forget to turn your clocks back an hour before you retire tomorrow night. Of course, if you desire, you may want to stay up until two a. m., Sunday, turn the clocks back an hour and then stay up until two a. m. again.

When Warren goes back on Eastern Standard Time it will still be approximately twenty minutes ahead of the sun. Over half a century ago, when the present time zones were established, Eastern Standard was based on the 75th meridian at Philadelphia, which is quite a distance from Warren, a reader reminds. In other words, when it is noon by the sun in Philly, it is actually about twenty minutes to twelve by the sun in this area.

Another reader advises owners of alarm and striking clocks to turn them ahead eleven hours as this type of clock must not be turned backward. Pendulum clocks may merely be stopped and the plug pulled for an hour on electric ones. In turning striking clocks ahead, stop on the quarter, half, three-quarter and hour to allow the clock to strike, according to the type it is. Ordinary watches and clocks may be turned back, but some clocks will be found impossible to turn back as the knurled knob will merely unscrew.

Have you noticed autumn has already started putting on her style show in the Warren area?

**YOUNGVILLE NEWS**

Youngsville, Sept. 27—Both the American Legion and Auxiliary met Tuesday evening in Legion rooms. The Legion elected the following officers for the American Legion Halgren-Wilcox Post: Commander, Raymond Fales; vice commander, Henry Danielson; adjutant, Clifford Sample; finance officer, Reid Detar; chaplain, Warren Jones; sergeant at arms, Alfred Smith.

Following the separate meetings the Legion and Auxiliary joined for little program honoring Miss Augusta Johnson, who because she was an army nurse, is active in both the Legion and Auxiliary and has served as commander of the Legion. She expects soon to take a trip to California and was given a gift from the two organizations.

Later in the evening a group from the Auxiliary served a pleasant luncheon. The table for the repast was attractively decorated with flowers and candles.

## Time Changes Sunday With Clocks Going Back One Hour

When President Truman put his pen to the legislation officially making into law the resumption of Standard Time thousands of the country over breathed easier. By this legislation the "fast time" war started will end. All clocks should be turned back one hour before retiring Saturday night as the new time officially goes into effect at 2 a. m. Sunday.

The Northern Express from Philadelphia will arrive in Warren next Sunday morning on "fast time" due to the fact that it leaves Philadelphia before the time changes. After that train all others will operate on standard time. To prevent general confusion in reverting to standard time after having observed war time for more than three and a half years the public should set all clocks back an hour before going to bed Saturday night (Sept. 29) it was stated today by C. S. Burnett local manager of the Western Union

Telegraph Company. Standard time becomes effective at 2 a. m. Sunday.

The telegraph people cannot change the many thousands of Western Union clocks at once Mr. Burnett said so the company is sending instructions to all subscribers stating that the minute hands should be turned forward around the dials eleven times to set the clocks back one hour to the new standard time. In resetting an electrically synchronized clock or any other clock Mr. Burnett pointed out the minute hand should never be turned backwards and the hour hand should not be touched.

If Western Union clocks in radio stations, railroad stations, industrial plants on public buildings and in offices, stores, theatres and schools were wrong much confusion would result. It will be possible for Western Union people Mr. Burnett said to reset in a short period of time only clocks in locations not difficult to reach.

not only pledged the cooperation of the choir, but spoke briefly about plans for a new chancel and organ.

From a beautifully decorated buffet table the men of the church served a bountiful luncheon. Mrs. William Clark and Mrs. John Knapp poured.

## County WCTU Protests Conscription In 71st Annual Convention Held Here

The 71st annual convention of Warren County WCTU, held September 25 at the YWCA, with Russell Union as hostess and the county president, Mrs. Edith Kapp, presiding at all sessions. Guest speakers were the state president, Ella B. Black, of Indiana, Pa., and the national director of alcohol education, Mrs. Alvin Sherbine, of Johnston.

Mrs. Black reported 33,070 members in Pennsylvania, a gain of more than 1,000 during the year, and gains in most all departmental work.

The inspiring devotional periods were conducted by Mrs. L. E. Russell, of Russell; Mrs. John Lawson and Mrs. Howard Linneman, of Tidjoute; Mrs. Anna Landin, Sugar Grove; Rev. J. C. Wygant, Warren; Rev. Philip Schlick, of Russell; and Rev. Harold Knappenberger, of Grace church, brought messages of help and inspiration. The musical program consisted of special selections by the Russell High School Orchestra and Miss Margaret Randall, harpist, and a solo by Mrs. Ora Miller, Allegheny. Mrs. Schlick and Mrs. Gladys Jamieson were piano accompanists.

Rev. O. L. Wingar conducted an impressive installation service following election of these officers: President, Mrs. Kapp; vice president, Mabel E. Dallas; recording secretary, Bessie Walters; corresponding secretary, Gladys Jamieson; and treasurer, Viola Putnam. Motion pictures were shown in the evening by Mrs. Sherbine and Archie Hunter. The following resolutions were presented and adopted:

"We, the members of the Warren County WCTU, assembled in 71st annual convention in Warren, Sept. 25, 1945, do hereby resolve that we re-affirm our stand for total abstinence and do hereby pledge our earnest and prayerful effort, for the over-throw of the legalized liquor traffic.

"Resolved, that we continue our Alcohol Education program in the public schools, church schools, and in youth groups wherever possible.

"Resolved, that we contact every Christian woman for a member of our organization.

"Thanking our Heavenly Father for His guidance and mercy in restoring peace throughout the world, we further resolve to exercise our best effort in the re-conversion program for creating a better world and a lasting, durable peace.

"Resolved, that we go on record against conscription of youth in our organization to petition our Congress against conscription.

"Resolved, that we do not lessen our efforts in fighting the narcotic and cigarette evil.

"Resolved, that we pray for our leaders, the world over, that they Heavenly Father and His guidance may earnestly seek the will of our ing power.

"Resolved, that we extend sincere thanks to our hostess WCTU, Russell, to the YWCA, to the ministers who assisted for the music, and to our friends from Penna. WCTU, Mrs. Black and Mrs. Sherbine, and to all who have helped to make a successful convention. Respectfully submitted, (Signed) Mabel E. Dallas, Bessie Walters, Viola Putnam."

## Final Rehearsal Of Radio Drama

The cast of the first play in the new radio drama series to be presented by the Warren Players over Jamestown's radio station, WJTN, will have its final rehearsal tomorrow, before going to the studio to present "The Marriage Proposal," by Anton Chekhov, on Sunday afternoon at two o'clock. Action in the humorous and popular farce by one of Russia's greatest playwrights are Margaret Lewis, in the role of Natalia Stepanovna; Monty McClure as her father, Stephen Stepanovitch Tschubukov; and Byron Knapp as Ivan Vassilyitch Lomov, a neighbor.

Anton Chekhov, one of the masters of contemporary Russian literature, is best known for his longer plays, "The Seagull" and "The Cherry Orchard." But in his short farces such as "The Marriage Proposal" and "The Boor," both presented in the Warren Players' studio, he shows the lighter side of Russian country life, infusing some of the spirit of the great Gogol into his broad character portrayals. In these plays he appears to be asking audience to set aside restraint and laugh with him at the stupidity and naivete, as well as the good-heartedness, of the people he knew so well.

The translation used for Sunday's production is the English version by Hilmar Baukhege and Barrett H. Clark. The radio adaptation has been written by Olive Archibald Huff, director of the new series, sponsored by the Metzger-Wright Company.

Final tryouts for the plays to be produced on October 7th and 14th will be held this evening at 8:30 in the Warren Radio News office at 438 Pennsylvania Avenue West, two doors east of the Trinity Memorial church. Anyone interested in the auditions will be eligible to attend, regardless of previous experience.

One of the plays selected is J. M. Synge's tense and beautifully poetic play, "Riders to the Sea." The other choice will be determined this week-end, after this evening's tryouts.

## At Library Theatre

Hugging scene is just a family affair in Paramount's "Incendiary Blonde," due Sunday at Library Theatre. It's Betty Hutton, in the role of Texas Guinan, and Barry Fitzgerald, who plays Betty's father. An entertaining musical film in Technicolor, "Incendiary Blonde" co-stars Betty with Arturo de Cordova. Also in the star-studded cast are Bill Goodwin, Albert Dekker, Eduardo Ciannelli and Charles Ruggles.

## Preview of the Season

Designated as President's Day, the first fall meeting of the Woman's Club always has a two-fold purpose—honor the member chosen to head the organization and pledge to her of cooperation in all the year's activities; and the first glimpse of what the new season will hold in the way of educational and entertaining programs. On Monday, October 1, members will gather at the clubhouse to greet Mrs. William F. Crossett at her first open meeting, and will be given a preview of the year's plans by those named as departmental chairmen at spring sessions.

The program will begin at 2:30 o'clock and will be followed by a tea in charge of Mrs. Albert Rockwell's Entertainment Committee. During the meeting, Mrs. William Fuellhart will tell of her plans for the Art Department, Mrs. Wallace Cowden for the Literature Department, Mrs. William H. Wright for the Dramatic Section, and Mrs. William Hill for the Community Service group. Further details concerning the club bazaar, big finance-raising venture of the early fall, will be presented by Mrs. R. G. Dawson. On the entertainment side, the committee promises special music and a very nice tea.

While no major changes have been made in the clubhouse this summer, many little details of refurbishing have been carried out to give it an air of freshness that will please the members. Another event on Monday will be distribution of the club year books, together with welcoming of a sizeable group of new members listed therein.

## Gebhardt - Long Marriage Today Mail Reservations For Play Monday

This evening at seven o'clock in St. Matthew's of the Woods church in Summit, Pa., Miss Patricia Long, daughter of Mr. and Mrs. John Long, 226 Main avenue, and William W. Gebhardt, son of Mrs. Julia Gebhardt, Pennsylvania avenue, west, and the late Frederick J. Gebhardt, will be united in marriage by the Rev. G. Duering.

The bride has asked her sister, Mrs. Robert Larson, to attend her as matron of honor, and Frederick G. Gebhardt will be his brother's best man.

Miss Long was graduated from Warren High school and from St. Vincent's School of Nursing. She has been engaged in private duty. Mr. Gebhardt was also graduated from Warren high school and was recently discharged from the army after serving three years in the ETO. He is now employed by the Bell Telephone Company.

### ASKS RESERVATIONS FOR DISTRICT SESSION

Mrs. Earl Fenderson, president of the Warren Business and Professional Women's Club, asks that her members who plan to attend the district meeting at Youngsville on October 13 will make their reservation with her immediately. She will also assist with arranging transportation and may be called at 2489.

The banquet and evening session are to be held at the Pittsfield Inn and, since accommodations there are limited to 95 persons, it is imperative that local reservations be made no later than October 9 to avoid disappointment.

### ZONTIANS HOLD DINNER-MEETING

Zonta Club members held their regular meeting Thursday evening following a 6:30 dinner at the YWCA activities building. Reports of various chairmen on conference plans showed everything lining up nicely for the gathering to be held here Saturday of next week. Serving as social committee for September were Dr. Elizabeth Beatty, Pearl Bradley and Bertha Christensen.

### LOTTA DUNHAMS PLAN GUEST NIGHT

Monday at 7:45 will be Guest Night for the Lotta Dunham Missionary Auxiliary at First Presbyterian church. Members are reminded to bring books—Bibles, those of a religious nature, English textbooks, Reader's Digests, National Geographic, etc.—for sending to the Philippines; also

used Christmas cards for a mission in South America.

### MOTHERS' MEETING

The regular meeting of the Home Street Mothers Club will be held at 7:30 p. m. Monday at the school, Dr. Arnold A. Kippen, of Warren State Hospital staff, as guest speaker. All fathers are especially urged to be present to hear him and to take part in the discussion about the playground.

### BIRTHDAY EVENT

Mrs. Alton Henning, of Youngsville RD 1, was hostess at her home honoring the birthday anniversaries of Mrs. Stewart and Mrs. Louise Ruhman. Following a buffet supper and a pleasant social time, the honored guests were presented with attractive remembrances from friends.

### DISTRICT LEADER

Mrs. Frank Donner, of Waterford, was named Northwest District vice president at the executive board meeting of Pennsylvania Congress of Parents and Teachers, held this week in Harrisburg. As previously announced, Mrs. A. J. Nicely, of Erie, heads the Congress in the coming year.

### NAME IS CHANGED

In a recent article appearing in the Times-Mirror relative to the sale of the Carver House Route 6 was mentioned as the Grand Army of the Republic Highway. This has brought many telephone calls to the editorial room asking if the official name is not The Roosevelt Highway. In order that all may be set right on this name officially given the highway several weeks ago is The Grand Army of the Republic Highway by the State Highway Department. Route 6 traverses the nation from Cape Cod to the Pacific coast and in almost every state with the exception of Pennsylvania the name has been GAR Highway. Accordingly Pennsylvania fell in line some months ago. Sec. of Highways Schroyer has extensive plans for making the GAR Highway a three lane route from the east to west through Pennsylvania and use will also be made of Federal funds in the construction. Surveys have been made and work will get under way next spring.

## Thousands watch the face grow younger looking with Endocrine

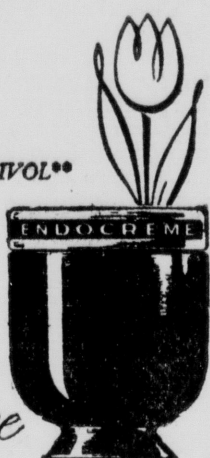

Sounds too good to be true, doesn't it... that ENDOCRINE for eight years now has helped thousands of women regain a more youthful skin of face and throat? But it is true... true to a degree hitherto thought impossible. Yes, ENDOCRINE can aid most women to improve and beautify the skin itself, not merely its superficial "look." Only ENDOCRINE contains ACTIVOL®. This ACTIVOL® is a scientific replacement for woman's own natural, skin-vitalizing substance. When you apply ENDOCRINE, it is absorbed by the skin to help restore the normal growth of cells and tissues. This aids the skin to become fresher, softer, more radiantly youthful again. How better can you invest your cosmetic dollars? Many report vast improvement in only 30 days.

## Farm Dams and Price Supports Discussed By Farmers Meeting

Earthen dams for the storage of water on tributaries were the chief points of discussion in the announcement of the 1946 Agricultural Conservation Program.

At a meeting of County AAA Committeemen and representative farmers from eleven northeastern counties of Pennsylvania representatives of the State Agricultural Conservation Committee discussed with these farmers three new practices which will be added to seven regular Conservation practices when the 1946 Agricultural Program becomes effective on January 1, 1946.

The discussion was led by W. Clayton Jester, Chief of Field Operations for the State Agricultural Conservation Committee who enumerated the ten practices now established in the new program.

Harold C. Putnam, president of the Allegheny Improvement Association heartily endorsed the several practices announced. He said any payment made by the government to farmers to prevent excessive run-off of water from hillsides to streams would improve the navigability of the Allegheny river. Mr. Putnam not only showed great interest in the storage of flood waters in small farm ponds, but likewise in the reforestation of hillsides, the construction of diversion ditches and sod waterways, and the contouring of crop so as to prevent the erosion of soil to navigable streams. He expressed the opinion that no one could be critical of a program so much in line with the general welfare.

The farmers of Erie, Warren, McKean, Potter, Cameron, Elk, Venango, Crawford and Mercer Counties assembled at the Warren Court House yesterday to hear an

address by Dr. George Dykhuizen of the University of Vermont and Arthur G. Conover, Agricultural Economist representing the North-western Region of the Agricultural Adjustment Agency of Washington. The conference was held to prepare County Committeemen

Albert H. Smith, prominent Crawford County farmer and livestock breeder, presided at the day session. He is a member of the State Agricultural Conservation Committee.

for the 1946 Agricultural Conservation Program and to set up the machinery for Government price supports as inaugurated by Congress during the war to act as an incentive for increased production. Farmers who made drastic

changes in their farming operations, purchased additional equipment, or invested in expanded livestock or specialty crop facilities were guaranteed by Congress a price support program which would help them to liquidate investments during a period of two years following the cessation of hostilities.

Today the closing of war industries and dislocation of many industrial workers has been reflected in sagging agricultural markets and therefore has resulted in the accumulation of agricultural surpluses in several commodities. This is particularly true of the large potato crop. The national potato crop is approximately 44 million bushels in excess of our normal demands. A government support program has become effective and wherever surplus potatoes are offered for sale at the government support price of \$2.15 per hundred pounds for U. S. No. 1's the County AAA Committeemen have been authorized to accept offers from these farmers and make purchases as directed by agents of the United States Secretary of Agriculture. Some of these potatoes are being moved into the starch factories of Maine and others are being utilized for livestock feeding where farmers are willing to make purchases at a price comparable to the market value of corn ensilage. Several experiments have been made by Agricultural experimental stations particularly the University of Colorado and at Cornell University. Some potatoes from southern Pennsylvania have been shipped to the University of Vermont where research has been conducted by the Experiment Station to determine food value of potatoes when used as ensilage. A bulletin published by the University of Colorado indicates that potato ensilage when mixed with corn fodder in the proportion to five parts of potato pulp to one part of fodder compares very favorably with corn ensilage.

According to a statement by Clyde A. Zehner, Chairman of the State Agricultural Conservation Committee, in presenting the subject to the members of the conference, Pennsylvania farmers who would like to experiment with potatoes as ensilage should contact their County AAA Committee.

In discussing other phases of the present economic situation and outlets for surplus food, Mr. Zehner pointed to the demands of the nation for better nutrition. He emphasized the need for an expanded school lunch program, a food stamp plan for people of low incomes, and a greater use of industrial feeding projects by industrial organizations. The proper use of these agencies will prevent many diseases now inherent in our population and will definitely reflect a low cost in public institutions in the future if the influence of tuberculosis and malnutrition can be checked or controlled.

Watmuff Is Sentenced In Court Today

Richard James Watmuff, arrested some weeks ago by police after he had crashed into a number of automobiles and the Fifth street bridge appeared in court this morning for sentence. Judge Allison Wade fined him \$100 and costs and imposed a 40 day jail sentence. He has served about all of the jail sentence and will be released Saturday.

The juveniles from Lander implicated in the theft of motors from the creamery and saw mill of Harry Randall, at Akeley were placed on probation for a year. One other juvenile, a girl, will be sentenced later.

Kenneth O'Day, RD Corry, charged with failure to stop at the scene of an accident was fined \$25 for the use of Warren county. Frederick O. Davis, Erie charged with failure to give his name following an accident was fined \$15 and costs.

An afternoon session will be held at 2 o'clock this afternoon when a number of other matters will be disposed of by the Court.

Ask Farmers To Hunt Out Dairy Checks

Farmers in Warren county should make sure they haven't misplaced any dairy production payment drafts. If they find any such checks that haven't been cashed, N. E. Dodd, chairman of the Agricultural Conservation Committee, asks that the drafts be cashed promptly to help simplify the Commodity Credit Corporation's bookkeeping.

Calling attention to the difficulty of keeping accurate records under such a nation-wide program, Mr. Dodd said that a recent report showed that over 32,000 dairy drafts issued before November 1, 1944, were still outstanding on June 30, 1945. This means that some farmers have hidden somewhere—perhaps forgotten—thousands of dollars' worth of ready money.

Almost 2 million farmers participated in the dairy program last year. It would seem profitable for anyone who has forgotten whether he cashed his last dairy production draft to do so as Mr. Dodd asks, and "take a look around."

Unless otherwise stated, visiting hours at Warren's funeral homes are from 10 a. m. to 12; 2 to 4 and 7 to 9 p. m.

**MRS. FRED J. GREENLUND**  
Services in memory of Signa C. Greenlund, widow of Fred J. Greenlund, 18 Russell street, will be held at two o'clock Saturday afternoon at the Lutz Funeral Home, Dr. H. A. Rinard, First Lutheran minister, will officiate and interment will be made in Oakland cemetery.

**JOSEPH GERMAN**  
Sheffield, Sept. 28—Funeral services in memory of Joseph German, who died in Jersey City on Monday, will be held at nine a. m. Saturday in the St. Anthony's Catholic church in Sheffield. There will be a requiem high mass sung. The rosary will be said at the home on Tan street tonight at eight o'clock. Interment will be in St. Joseph's cemetery, Warren.

**SUZANNE FOSS CABLE**  
Mrs. Suzanne Foss Cable, widow of John B. Cable, died at 11:30 p. m. Thursday at her home, 307 Poplar street, after an extended illness. Mrs. Cable was born October 27, 1869, at Fredonia, N. Y., but spent most of her life in Warren. As a young woman she kept a millinery store on Hickory street. She was a member of First Baptist church and of the Philomel Club and had a keen interest in Chautauqua Institution, where she had a residence and spent the summers. She was married January 13, 1885, to John B. Cable, who preceded her in death in 1937. Surviving her is one sister, Miss Maude H. Lehman, of Warren.

Removal has been made to the Leo D. Gibson Funeral Home, where friends may call at the usual hours, and from where services will be held at 2:30 p. m. Sunday. Interment will be made in Evergreen cemetery at Sinclairville, N. Y.

**HOMER E. HAUPIN**  
Homer E. Haupin, of Lakewood, N. Y., died suddenly at 11:15 p. m. Thursday at his home. He was born in Garland, but had resided in Lakewood for the past 20 years. He was a valued employee of the Jamestown Printing Company, having been with that firm for the past 14 years.

Besides his wife, May, of Lakewood, he leaves one sister, Bessie Haupin, in Florida.

Removal will be made from the Templeton Funeral Home to the home of Mrs. Sarah Hammond, 20 North South street, where friends will be received after 10 a. m. on Saturday, and from where services will be held at two o'clock Sunday afternoon. Dr. H. A. Rinard will officiate and interment will be made in the family plot in Oakland cemetery.

**CHARLES ADOLPHSON**  
Services in memory of Charles Adolphson were held at 1:30 p. m. Thursday at the Lutz Funeral Home, conducted by Rev. Nore G. Gustafson, pastor of St. Paul's Lutheran church. Interment was made in Sheffield cemetery with Martin Danielson, Emil Seagist, Otto Mattison, M. Nelson, Paul Lavery and Mr. Ringdahl as bearers.

MEN AND WOMEN IN SERVICE

Silver Star Is Awarded Marine Hero

Mr. and Mrs. John R. Campbell, 108 Sixth avenue, have been presented with the Silver Star Medal and accompanying citation awarded posthumously to their son, Cpl. Eugene M. Campbell, USMC.

The award was made by S. Sgt. Louis D. Hazen and S. Sgt. James T. Van Wyck, acting for the office of public relations of the Marine Corps in Buffalo, N. Y.

The decoration, given for Cpl. Campbell's gallantry in action on Peleliu on September 13, 1944, credits him with being personally responsible, as head of his machine-gun squad, for killing 15 Japanese and knocking out two machine-gun emplacements before losing his life.

**GETS PROMOTION**  
Word has been received that Dominic A. Scialise, better known to his friends as "Chingo", has been promoted from private first class to sergeant. He is with the 36th Division, serving in the occupational army at Udingen, Germany. Prominent in bridge affairs before entering the army, he started teaching contract duplicate to the boys of his company and had his first real game a few weeks ago. It is learned that the American Bridge League has asked for a picture of this game and will use it in the Bridge World Bulletin sent throughout the country. He writes that he probably won't have many more games, since his division has been alerted for shipment home, news which came as a happy surprise to his family and friends since February 3 was the time set for his discharge.

**HOME FROM PACIFIC**  
Lt. (jg.) John W. Lutz is home on 30-day leave from Puerto Princessa on Palawan, naval air base, visiting his wife at 11 Central avenue. His parents, Mr. and Mrs. W. E. Lutz, Bidde street, and friends, will report to the Fourth Naval District, Philadelphia, for further orders.

**DICK SCANDRETH WILL BE DISCHARGED**  
T. J. Dick L. Scandreth, son of Mr. and Mrs. E. Scandreth, Warren RD 2, has returned to Indiantown Gap, where he will be honorably discharged from the army. Enlisting in the army October 30, 1940, he served 22 months in the European theatre, participating in four major campaigns with the 4th Division.

**WARRENITES MEET**  
Three Warrenites who were usually seen together before entering the armed services, finally met in Seattle, Wash. They were T. Sgt. Louis Marshall Smith, Clark street, Cpl. Ernest A. Nollinger and Pfc. Earle A. Nollinger, of Jackson avenue. Cpl. Nollinger is stationed at Paine Field, Wash., the other two at Ft. Lawton, Wash. Another local man at Ft. Lawton who joined in the reunion was Pfc. Anthony Smosna, Oak street.

Coupling Co. Appeals From Local Courts

Pittsburgh, Sept. 28—The Thomas Flexible Coupling Co., of Warren, Pa., has appealed to the Supreme Court a decision of the Common Pleas Court of Warren county awarding \$34,183.08 in royalties to a patent holder.

J. H. Alexander, Warren, and Walter B. Gibbons, Philadelphia, attorneys for Mrs. Bertha E. Thomas, told the court that Mrs. Thomas assigned patent rights on certain couplings for motor vehicles to the firm in 1920 under a 10 per cent royalty agreement.

Two contracts signed in 1933 and 1943 amended the original agreement. The tax court of the United States later declared these agreements invalid because no consideration was apparent.

After being argued before the Common Pleas court of Warren county, June 6, 1945, it was stipulated that the accumulated royalties should be paid to Mrs. Thomas. A subsequent court order by Judge Allison D. Wade confirmed this judgment on July 11, held the agreements valid, and gave Mrs. Thomas title to the patents.

This decision was appealed to the Supreme Court.

Warren, R. Pierson Eaton of Warren, representing the appellant, argued that the agreements in question were invalid, that Mrs. Thomas is not the present owner of the patents, that the firm is entitled to receive re-assignment of these patents, and denied that the company owed any money for accrued royalties.

Chapter 18  
DR. WALDO smiled. "This sounds as if I had my work cut out for me. I'll do it the best I can, Mr. Gardner. Maybe your questions will answer Cobo's. I'll see."

Seth gathered up his brief case and turned toward the door, but Gardner called him back. "I say, Peabody. Hold on a bit. I'll be going with you in a few minutes. Somehow I want to keep an eye on you. Don't like to have you out of my sight today."

Cobo raised his eyebrows and nodded vigorously. "Good. Good. We do not know much all ready."

"From a medical point of view," asked Gardner, "you gauge the time of death by the progress of certain body changes, that's right, isn't it?"

The doctor nodded and Gardner continued more slowly, "Is it true that fat bodies retain heat longer than lean ones do?"

"Yes."

"Regarding weight, what is the average rate of cooling of a body, the first three hours after death?"

"3.5° Fahrenheit."

"I see. Well, then, how long would you say it would take a dead body to cool to the temperature of the surrounding air?"

"Anywhere from 8 to 12 hours."

"Would it take about 10 hours for a body to cool to 68 degrees in Key West, for example?"

"I see what you're driving at. It would take anywhere from nine to 11 hours to lower the temperature of a dead body to 68 degrees in this climate." "Of course," the doctor added quickly, "this question of body temperature seldom, if ever, comes up after death. The onset of rigor mortis in the case of violent death is always considered sufficient evidence as to the time the deceased was killed."

GARDNER shoved his glasses higher on his forehead. "Thank you, Doctor. I guess laymen ask crazy questions, but you have answered concisely. Your witness, Cobo!"

"I am not interested in temperature," Cobo said eagerly, "but in blood stains."

"Blood stains?" The doctor looked at him sharply. "There was a lot of blood on the path, but you never mentioned anything to me about it while we were at the fort."

"No. I think about it now," Cobo answered briefly. "You looked at wound at back of head?"

"Naturally." There was a thin edge of impatience in the doctor's voice.

"I look at wound too. Blood around wound not yet coagulated and all of blood spots on path still quite red."

The doctor's face flushed. "Well, what of it?" he began, and then stopped suddenly. "What's on your mind, Cobo?"

"Blood dries very fast in hot sun. I put bricks over some of the stains. How long it takes for blood to dry around a wound?"

"Oh, one, two three hours maybe." The doctor was showing increasing signs of nervousness at Cobo's questions, a nervousness which the keen eyes of the little chief of police were quick to notice. "That would vary with many other conditions. No one could give a final answer to that question. So many things have to be taken into account."

"One to three hours for blood to dry around a wound—that near enough," Cobo said softly. "Would Doctor Waldo please examine wound again?"

By this time the doctor's annoyance was noticeable. "I'm willing to help all I can," he said tersely. "But I haven't time to waste going over the same ground several times. This is a routine case as far as I'm concerned. I have an office full of patients waiting for me—I'll take another look at the body, Cobo, then I must get back to my own practice."

With an impatient thrust of his arm, the doctor pushed the chair he had been sitting on back against the table and strode into the morgue, closing the door with a sharp slam behind him.

"I don't think your questions pleased the good doctor," Seth

**EXERCISED CAR**  
Yesterday the big car loaded with tin cans appeared to be about ready to run over despite the fact that Bert Erickson had carefully tucked sideboards of big gallon cans all around the car. Another truck hove in sight loaded with processed cans and Chairman Corbett and Bert Erickson pondered on what to do. "If we could just get that car out for exercise it would jar those cans down until we could get this truckload in," said Mr. Corbett to Agent Ed Boyd of the New York Central. "Well, we can fix that," said Mr. Boyd and the crew of the local freight hooked the car back of the engine and took it up the line and brought it back in the afternoon. By that time the cans had settled down and Bert got the extra cans on board. Erickson and Boyd did good work and their efforts got several hundreds of extra pounds on the car.

**Two Arrested As Result Of Cars Crashing**

A. K. Shepard, of Kinzua and Hollis Keister, of Clarendon were placed under arrest by police last night as the result of a car crash on Pennsylvania avenue at Franklin street. A car driven by Robert Moll, 2014 Pennsylvania avenue east had stopped for the traffic light when a machine driven by Shepard and owned by Keister crashed into it from the rear. The Moll machine was damaged to the extent of \$75 and the Keister car suffered \$125 damage. Shepard had no operators license and Keister allowed him to operate a car without a license so complaints were lodged by the officer investigating the crash.

Howard Ishman, of Youngsville also was summoned to appear on a charge of crashing traffic light at Pennsylvania avenue and Liberty street.

A nine year old boy was picked up by the police for taking mail from a box in the West End. The mail was found in the toilet of a gas station.

Book agents without permission to make a canvas of the city were sought today by police. They had called at one home and the woman of the house called police. Request is made by police that an officer be summoned if the agents call at any home in the borough. Lights were noted in the High School building last night and several windows in the basement were open. The police investigated and closed the windows.

**SUGAR GROVE**

Sugar Grove, Sept. 25—Mr. and Mrs. Walter Warner, entertained the meeting of the Sunday School board of the Methodist church, at their home Wednesday evening. The business meeting was conducted by the superintendent, Mrs. F. A. Schoonover who also led in the devotions. Plans were made for Rally Day, September 30th. Officers elected for the new year were, Supt., Walter Warner, Asst. Supt., Mrs. Schoonover; secretary, Mrs. Burt Schoonover; treasurer, Lewis Barlow; Cradle Roll Supt., Mrs. Doris Jones; Elementary Supt., Mrs. Walter Warner; Pianist, Dorothy Miller, Choirmaster, Beverly Beck.

# Dragons To Entertain Oil City Saturday At Russell Field

## J. H. S. Assistant Coach Found Dead

Mell R. Burnell, 38, Jamestown High School football star of a few years ago, serving as assistant coach to Denton J. Moon, Jamestown High football coach, died Wednesday afternoon.

He was born in Jamestown, where he attended school, graduating in 1928, and received an engineering degree at New York University at New York City. Burnell played center on the Jamestown team during the 1926-8 seasons. While serving in the Reserve Officers' Training Corps, he was commissioned a second lieutenant in the Infantry section of the Officers Reserve Corps of the U. S. Army.

Burnell was assistant coach during 1944 and this year.

## Ott, McCarthy To Manage Next Year

New York, Sept. 28.—(P)—Managers Mel Ott of the New York Giants and Joe McCarthy of the Yankees will be back at the helm of their ball clubs in 1946.

Ott yesterday signed a new 5-year contract, currently the longest in baseball, replacing a three-year document which still had a year to go. The terms were not made public, but were estimated at \$25,000 annually.

President Larry MacPhail of the Yankees announced from Havana, where he is negotiating to have his team train next spring, that Joe McCarthy would be retained as manager. "He can have the job until he decides to retire," declared MacPhail.

The Solomon Islands were discovered in 1567 by the Spaniard Mendana, who believed they had supplied the gold for Solomon's Temple.

## Leidigmen Aim For Seventh Straight Against Down-the-River City; Gametime 2:30

The Warren High School Dragon football eleven, having shown the traditional fight of the J. B. Leidig code in last Saturday's 40-6 rout of Titusville, plays host tomorrow afternoon to Joseph Connors' heavy Oil City Blue and White crew at Russell Field in a 2:30 encounter. The Dragons, aiming to keep intact the unbroken Dragon victory streak over the Oilers since 1939.

Although injuries will still continue to handicap the local Blue and White banner bearers, Saturday's engagement will bring together probably the two most evenly matched elevens to be seen in action this season. Even though the Venangoites boast a much larger squad, the Dragons' speed will make up the deficit and will undoubtedly send the game into a typical Warren High thriller.

In the Warren-Oil City rivalry, which dates back to 1914, the Leidigmen have captured 18 games, Oil City copying 11, and two ending in deadlocks. In the past 13 seasons, the Warren eleven has won ten, allowing the down-the-river crew only three. The scores since the rivalry began follow:

Year	Warren	Oil City
1914	10	0
1915	10	0
1916	75	6
1917	5	27

**By JOE REICHLER**  
Associated Press Sports Writer

Only a complete collapse on the part of the Chicago Cubs or the Detroit Tigers will prevent them from meeting in the World Series.

The Cubs today enjoy a three game lead over the St. Louis Cardinals in the National League pennant race as a result of yesterday's double triumph over Cincinnati, 3-1 and 7-4 while the Cards were bowing to Pittsburgh, 5-2.

Even if the Cubs were to lose all three of their remaining games and the Cards win their three, Cholly Grimm's now jolly Bruins, like the Tigers in the American League, can get no worse than a tie for the flag.

The Cubs rest today preparing for their three-game clash with the Pirates starting with a double header Saturday, needing only one victory to clinch the flag. The Cards, meanwhile, engage the Reds in three games, two tomorrow.

Steve O'Neill's cock-sure Bengals, idle yesterday, also remain inactive until tomorrow when they come to grips with the defending champion St. Louis Browns in the first of two game weekend meetings, and like the Cubs, need only one victory to edge out Washington for the junior loop championship.

The Senators, who ended their current campaign last Sunday, switched from praying to playing yesterday by edging out the Boston Red Sox 2-1 in an exhibition.

Should the Cubs cop, they'll have their "cousins" the Reds, to thank. Yesterday's twin win gave the Cubs a mark of 21 victories against one loss for the year's campaigning against the Rhinelanders.

Only the 1909 Cubs against the Boston Braves, the 1927 New York Yankees against the Browns and the 1937 Pirates against the Redlegs, accomplished that feat.

The Cards received their near-kay blow from the left arm of Elvin (Preacher) Ross, Pirate southpaw, who humbled them with three hits while annexing his 14th victory of the season. The Cards lost the game in the first frame when George Dockins was tagged for three hits.

In the only other big league contest, the Yankees clung to their slight chance to finish third in the American League standing, with a 3-1 conquest of the Philadelphia Athletics. The defeat marked the A's 98th loss of the season and the club's 15th cellar finish.

Everybody reads the Times-Mirror.

**ACCUSED**

I've been accused of being a "Yes Man" and come to think of it—I am! That is, I like to say "Yes" when people ask for a loan. Which is only logical, after all, for the more times I say "Yes" the more loans I make. And since making Personal Loans is my full-time business, that's mighty important to me.

"Usually I can say 'Yes' in a hurry. But even when circumstances are unusual, I try to find a way to work out a deal. That's why Personal is so often able to make loans that others cannot."

"Of course—once in a while I can't find a way. That's natural. When that happens, I personally sit down with the customer in a private office and discuss the situation frankly on a common sense basis."

Like most people, I don't believe in unnecessary borrowing... but when a loan is needed or to your advantage, I'll be glad to say "Yes". Anytime you need extra cash—see me, won't you? Right now, for instance. See me at Personal Finance Co., 216 Liberty St., second floor, over Lester Shoe Store. Phone 285.

Sheffield High's outstanding football eleven goes after its third straight victory in as many tries tomorrow afternoon when Kane's Wolves invade Warren county for the annual school tussle. The Esplanader squad, victorious over Youngsville and Ridgway, will spur an all-out attack to down their Kane rivals when the 2:30 engagement begins Saturday.

Tonight, Artie Anann's winless Eagles invade Bradford for their fifth encounter so far this season. To date, however, the Eagles have been held winless, and whether or not they upset the Owls tonight or not, the locals will put up a stiff struggle. The Eagles are confronted by extremely tough schedule this year, but hope to reverse their current losing streak tonight at eight o'clock.

## Warren Cops Counted Out Of State Fund

Warren and at least 27 other communities that had expected to share in distribution of \$761,018 to police pension funds throughout Pennsylvania were counted out of this year's split today.

The justice department ruled "only municipal treasurers where police pension organizations were set up on" last Jan. 1, "will qualify for distribution of any portion of" the two per cent tax collected on casualty insurance premiums sold in Pennsylvania during 1944 by "foreign" companies.

"The funds to be distributed each year are those collected in the preceding year, and since they are payable to municipal treasurers as of January 1, they are payable to those treasurers where police pension organizations are qualified on that date to receive them," the opinion explained. The tax is payable to the state on the following March 15, and half goes to the pension funds and half to the commonwealth.

It has been found that so far, only 28 of those that replied to a questionnaire from the auditor general's department, had funds in existence last year and therefore can share in last year's collections.

## REAL ESTATE DEALER ROBBED OF \$3,700

McKeesport, Sept. 28.—(A)—Police today sought armed bandits who held up East McKeesport real estate dealer yesterday and fled in a stolen car with \$3,700 in currency.

J. G. Topley and his wife were sitting in Topley's office when two men came in, flashed guns and said:

"This is a stickup!"

Mrs. Topley seized a telephone but was chilled by a snarl:

"Drop it!"

His companion meanwhile had scooped bills out of Topley's safe and cash register.

At the street, the bandits rejoined a confederate in a parked car and sped away.

## Sylvania Planning New Stock Issue

Philadelphia, Sept. 28.—(A)—Sylvania Electric Products, Inc., New York, registered with the Securities and Exchange Commission 100,000 shares of \$3.75 cumulative preferred stock without par value.

Principal plants of the company are in Emporium, St. Marys, Brookville, Williamsport, Millhall, Altoona and Warren, Pa.; Jamestown, N. Y.; Dover, N. H.; and Salem, Danvers and Ipswich, Mass.

The company plans to use net proceeds to redeem its \$3,770,000 of outstanding 3 1/2 per cent sinking fund due 1957, at 102 per cent, and for additional plant machinery and equipment, and "possibly for the acquisition of other businesses."

Part of the proceeds will go for additional working capital and advances to Colonial Radio Corp., Buffalo, N. Y., a subsidiary, for Colonial's expansion program.

## NEW STORM WARNINGS HOISTED ON NATION'S LABOR FRONT

### Arrests Ordered in Massacre

#### 34 JAPANESE TO BE TRIED FOR ATROCITY

**Nipponese Ordered Arrested Range in Rank From Sergeant to a Lieutenant Colonel**

#### DIRECTIVE IS ISSUED

By RUSSELL BRINES  
Tokyo, Sept. 28—(AP)—General MacArthur today ordered the U. S. Eighth Army to seize 34 Japanese officers and men suspected of complicity in the fiendish massacre of Allied prisoners of war at Palawan in the Philippines, Dec. 11, 1944.

More than 100 prisoners, many of them Americans, were herded into a large air raid shelter. Buckets of gasoline and lighted torches were tossed in upon them. A few escaped, only to be mowed down by machineguns or hand grenades, or brutally bayoneted by their captors.

The Japanese ordered arrested range in rank from sergeant to Lieutenant Colonel Oie Satoshi, presumably in command of the "murder detail."

The Supreme Allied Commander today forbade reopening of Japanese stock exchange without his approval, but approved reopening of factories to manufacture some essential goods in limited quantities.

Leaders of the workmen meanwhile met to form a new Socialist Party, and the reported reorganization of several war-damaged labor unions further marked acceleration of Japan's new liberal movement—which thus far has been markedly socialist. No group, thus far, champions a capitalist economic doctrine.

One MacArthur directive gave the imperial government permission to produce textiles, certain metals, leather goods and trucks, and to process raw rubber under specific restrictions laid down by him previously.

It approved requests for the use of 18,000 tons of steel, 6,000 tons of aluminum, 10,000 tons of electric wire, 10,000 metric tons of leather and 6,000 tons of raw rubber.

Requests for an additional 10,000 metric tons of leather and another 10,000 tons of raw rubber were denied.

MacArthur approved the manufacture of motor trucks, but denied the Japanese permission to produce passenger vehicles.

Manufacture of textiles was approved provided they contained raw silk, silk yarn, silk thread or silk mixture woven goods.

On the agricultural front, the newspaper Mainichi reported that Allied headquarters had approved the use of idle airfields for farming to help alleviate food shortages. It said the government requested the conversion of fields not being used by the occupation forces into plots for sweet potatoes and other commodities.

MacArthur told the imperial government that any request for reopening the stock exchange or similar institution must be submitted to him with detailed plans—in line with his program of controlling Japan's finances to put the nation on a firm economic footing.

Domel reported that the government was considering a wholesale reorganization of the Bank of Japan, which had kept the war machine and supporting industries operating. A few days ago, a Tokyo newspaper reported the bank's notes had increased 13,000,000,000 yen since the Aug. 15 truce. It warned that the increase threatened further inflation with resulting hardship on the already destitute Nipponese.

Domel reported the war pared Nippon's total shipping bottoms from 6,300,000 to 1,500,000 gross tons. It estimated that only 400 vessels with an aggregate 580,000 (Turn to Page Thirteen)

### 1,490,000 To Be Returned From Pacific In Seven Months

Tokyo, Sept. 28—(AP)—General MacArthur's headquarters announced today that shipping space to return 1,490,000 servicemen to the United States from Pacific area will be available in the next seven months, according to War Department estimates.

Headquarters announced that these tentative or "target" dates have been set for departure of three divisions from the Philippines to the United States: Thirty-first Division, Oct. 31; 88th Division, Nov. 1; 37th Division, Nov. 15.

The 43rd Division, which will be the first to reach home from the

### Hirohito Meets His Master

(NEA Telephoto via U. S. Signal Corps Radio)  
It was an historic occasion—one without precedent in Japanese history—when Emperor Hirohito called in person at the U. S. embassy in Tokyo and was received by Gen. Douglas MacArthur, the supreme commander for the Allies. The two are pictured above in the embassy's main living room.

### Giant C-54 To Open Regular World-Girdling Trips Today

By PAUL MILLER  
Washington, Sept. 28—(AP)—A giant C-54 thunders eastward over the Atlantic late today, opening the first regular world-girdling schedule. It will carry to high adventure seven men and a woman who will be guinea pigs as well as observers on the 23,147-mile flight.

Taking off at 5 p. m., EWT, from Washington National Airport, the 40-passenger Douglas Skymaster of the U. S. Army Air Transport Command heads first for Bermuda.

### Lewis Wants Meeting With Mine Owners

Washington, Sept. 28—(AP)—John L. Lewis today requested Bituminous Coal Operators' negotiating Committee to meet him Monday on the mine foremen's dispute which has thrown 36,000 workers into idleness.

Lewis informed Ezra Van Horn, chairman of the committee, Cleveland, that "failure on the part of you and your associates to accept this invitation will leave the United Mine Workers of America free to take such independent action as may be required."

The dispute has closed 79 mines in Pennsylvania and West Virginia.

Lewis asked for the conference at 2:30 p. m. Monday, "for the purpose of settling the question involved and abating the controversy that now runs riot and imperils the coming winter supply of coal."

The mine workers president blamed the refusal of the operators to recognize the United Clerical and Supervisory Workers Union for the strikes in major soft coal producing areas. The clerical union is a branch of the UMW district 50.

Lewis said the controversy has "no relation to wages, hours or working conditions." Contracts covering those matters were negotiated last spring.

"It is a major convulsion which stems from the refusal of you and your associates to permit the right of union membership and collective bargaining to be granted to the 50,000 foremen, supervisors and technicians of various classifications in the mining industry," Lewis said in his telegram to Van Horn.

Pacific, now is loading at Yokohama.

"Under the presently announced reduction in critical (service-men's points) scores, all shipping available through January will be utilized and as scores are lowered, personnel will be available to meet (all) shipping applications for February and March," headquarters said it was informed by the war department.

Monthly estimates for the return of troops are:  
October, 120,000; November, 150,000; December, 185,000; January, 270,000; February, 240,000; March, 245,000; and April, 280,000.

### Warren To Be Back On Slow Time Sunday

Warren will be back on Eastern Standard Time Sunday, proclamations, rumors and arguments to the contrary notwithstanding.

Burgess R. W. Steber this afternoon stated it was his intention in the proclamation printed this week, to have the borough return to Standard Time along with the rest of the nation, but that there was a misunderstanding as regards to the time that the change was to be made.

Then, after a one-hour stop, it wings on the Azores to North Africa, to Egypt, to India, to China, and back home again—in 151 hours—by way of the Philippines, Honolulu and tiny Pacific isles made sacred by the blood of American fighting men.

Planes of the A. T. C. have circled the world many times. This schedule, "the globester" at the first continuous "round-the-world" service. And more than the mere novelty of the effort is wrapped up in the inaugural journey.

Throughout the flight tests of many kinds will be made among the three A. T. C. headquarters officers, an A. T. C. public relations officer, a photographer and three reporters who of the more than 20 aboard "the globester" at the start will be the only ones to go the entire route.

All were given thorough physical examinations. They will undergo further examinations upon their return next Thursday, Oct. 4, at midnight. En route they will observe—and be observed—for fatigue, for airickness, reaction to altitude. Out of the tests and observations may come conclusions leading to more passenger comfort and convenience than will be enjoyed even on this thoroughly plush journey.

Announcement of the starting was delayed with prospects they crew, and of the other passengers might not be made known until takeoff time. Crews will be changed at intervals. Most of the passengers will disembark at various stops and be replaced. The eight ticketed for the full run are:

Col. M. S. White, Col. C. B. Al (Turn to Page Thirteen)

### Communal Riots Persist In Bombay

Bombay, Sept. 28—(AP)—Knife play continued today in Moslem-Hindu communal riots, which have killed 19 and sent 80 to hospitals.

Leaders exerted pressure to end the armed conflict.

Police arrested 160. A full company of troops stood ready for possible emergency and to allay public fears. The military has not yet intervened, although army officers toured the city with police.

Heavy police concentrations guarded mosques, where thousands of Moslems prayed and dispersed without incident. Their leaders urged them to hasten homeward.

The ghirga mosque was fired and flames damaged the roof and upper portion.

Residences of both Hindus and Moslems were stoned by roving groups.

(In London, a Reuters dispatch from Bombay said Indian troops had been called out to aid civil authorities in quelling the disturbances.)

### Will Speed Up Institutional Improvements

Harrisburg, Sept. 28—(AP)—Top state officials plan conferences next week to work out ways of speeding up start of a long-planned construction program at Pennsylvania's penal and mental institutions.

The red-haired defendant who pleaded self defense in the slaying last August of Willard Frey, 44, testified he fired three bullets into Frey's body, but said he was in a confused state of mind.

The confusion was brought about, Howells asserted, when Frey attempted to engage in an act of sexual perversion.

Howells said that when he was attacked, knocked down and kicked, he said he fired at his "tormentor" and fled. He said he was hunting crows when accosted.

Neighbors, a minister and a storekeeper testified Howells had a good reputation.

At the first conference also will be Dr. Charles A. Zeller, superintendent of the Philadelphia State Hospital and Dr. Howard K. Petry, superintendent of the Harrisburg State Hospital, Warden Stanley P. Ashe of the Western Penitentiary, who headed a study group on Pennsylvania's prisons, will sit in on the second meeting.

The 1945 legislature appropriated \$16,485,000 for construction at state institutions which has been allocated about 50-50 to penal and mental institutions.

However, the Welfare Department has approximately \$7,000,000 left from a \$9,000,000 construction appropriation by the 1943 legislature, making a total of \$23,000,000 available for the postwar building program. The 1943 appropriation was "to overcome hazardous conditions and provide essential services."

### NO VOTE ON MOVIES

Pittsburgh, Sept. 28—(AP)—The state supreme court today ruled that petitions submitted for the purpose of putting the question of Sunday movies in Harrisburg to a vote in the November election were legally insufficient.

The decision, written by Chief Justice George W. Maxey, affirmed an order of the Dauphin county court of common pleas.

Gen. Patton Reported On His Way to Report

U. S. Third Army Headquarters, Germany, Sept. 28—(AP)—Gen. George S. Patton, Jr., has gone to Frankfurt on the Main to report personally to Gen. Eisenhower on denazification and other phases of his administration of the eastern military district of the American occupation zone. It was learned today, Eisenhower had summoned him to appear early next week.

Before his departure, Patton conferred with Robert Murphy, Eisenhower's chief political adviser.

RUSSIA HOLDING OUT

London, Sept. 28—(AP)—Despite Russian insistence that France and China be excluded from discussions of Balkan peace treaties, informed observers said today the question might revert to the full conference of foreign ministers unless an American-British-Russian procedural deadlock could be broken.

The foreign ministers of the Big Three powers, U. S. Secretary of State James F. Byrnes, Soviet Foreign Commissar Vyacheslav M. Molotov and British Foreign Secretary Ernest Bevin, have been conferring on the procedure for drafting treaties with Romania, Hungary and Bulgaria in an attempt to reach some measure of agreement before the council is adjourned.

As the 25th formal session of the council was about to be convened, some officials acknowledged that the procedural impasse arose when the Russians felt they were fighting a four-to-one battle for Balkan influence, and wanted to reduce the number of adversaries.

Some delegates said the Russian argument, based on the decision at Potsdam that armistice signatories should draw up the treaties, was a good one, but added that the others were reluctant to abandon the five-nation principle.

Supported by the British and Americans, the French bitterly protested the Russian attitude.

London press comment on the conference switched from bitter criticism of Russia's attitude to exhortations to the public to remain patient in its hopes for permanent peace. But the liberal weekly New Statesman lashed out at the conference as "fantastic."

It accused Russia and the United States of "grabbing all they can in exclusive concern with their own strategic interests."

Describing American foreign policy as "egotistic, and indeed in the Far East openly imperialistic," the weekly said "Japan is regarded as an American base to be exploited by United States lusts and maintained as a military asset." The paper charged that the five powers had failed to agree on "great issues on which the life or death of society depends."

The Greek government added a complication by announcing reparations claims of \$2,677,063,000 against Italy, which it said would be pressed at the peace conference. The United States attitude has been that reparations claims against Italy should be waived.

### Boy Convicted Of Slaying Farmer

Wilkes-Barre, Sept. 28—(AP)—Fifteen-year-old Jeddie Howells was convicted of second degree murder today by a jury of seven men and five women and faces a term of from 10 to 20 years imprisonment.

The red-haired defendant who pleaded self defense in the slaying last August of Willard Frey, 44, testified he fired three bullets into Frey's body, but said he was in a confused state of mind.

The confusion was brought about, Howells asserted, when Frey attempted to engage in an act of sexual perversion.

Howells said that when he was attacked, knocked down and kicked, he said he fired at his "tormentor" and fled. He said he was hunting crows when accosted.

Neighbors, a minister and a storekeeper testified Howells had a good reputation.

### Change Made In Ford Organization

By DAVID J. WILKIE  
Associated Press Automotive Editor

Detroit, Sept. 28—(AP)—Harry H. Bennett, for more than a quarter century one of the strongest forces in the billion-dollar Ford Motor Co. has stepped aside as director of the company's personnel director.

Youthful Henry Ford II, last week named president of the great family-owned industrial empire, announced Bennett was being supplanted by John S. Bugas, former FBI director in Detroit, who joined the company a little more than a year ago.

Bennett, Ford said, would serve "in a consulting and advisory capacity, and continue as a director" of the company. Bennett said: "This is just as I planned it; I brought him (Bugas) into the company and expected him some day to fill by shoes."

At the same time young Ford announced the appointment of M. L. Bricker to head the company's productive and non-productive manufacturing

### Sen. Connell Answers Jibe From Truman

Washington, Sept. 28—(AP)—Senator Connell (R-Mo) contended today there is no basis for President Truman to say the senate let him down in not approving the administration's jobless pay bill.

Connell shouted that the senate ought not to forget for one minute that "it is not a body subordinate to the president."

The Missouri senator took the floor to reply to a White House statement that Mr. Truman had told some house members the senate "let him down" in passing a bill later shelved by the house ways and means committee.

Connell said that through the remarks of the president to house members, as disclosed by Presidential Secretary Charles G. Ross, "the implication is clearly drawn that the senate failed to perform its duty."

"The senate is not a body subordinate to the president, or subject to the duty of following his desires," Connell told his colleagues. "There is no basis for the president of the United States to be of the opinion that merely because the senate fails to approve legislation suggested by him that the senate let him down."

There were no immediate signs however, that the talking to the president gave Democratic members of the house ways and means committee yesterday had changed any votes.

### Control Board Undecided On Ration Plans

Harrisburg, Sept. 28—(AP)—The Liquor Control Board still cannot determine when whiskey rationing will end in Pennsylvania.

Chairman Frederick T. Gelder said today.

The board has to depend upon the vendors, and "the vendors say they have to wait until the federal government says if and when they're going to loosen up on grain," Gelder explained.

"What will happen two weeks from now when we've got to decide is beyond saying," he added.

A new whiskey ration period begins October 14.

Even if federal restrictions on use of grain for alcohol were lifted now, Gelder said, "it would make some blends more plentiful but not scotch or bonded whiskey."

In connection with Auditor General G. Harold Wagner's announcement of approval of purchases for \$8,731,807 of various beverages Gelder said:

"We're buying all we can get of whiskey, and the purchase approved by Wagner constitute just what we've been getting from month to month."

They include 124,165 cases of domestic whiskey.

All Resources Are Reserved Under Seas

Washington, Sept. 28—(AP)—President Truman today issued proclamations asserting United States jurisdiction over oil resources of the continental shelf beyond waters bordering all coasts.

Two companion orders were issued.

One reserved the natural resources of the continental shelf under the high seas and placed them under the jurisdiction of the secretary of the interior.

The other provided for establishment, under recommendation of the interior and state departments, of fishery conservation zones in areas of the high seas contiguous to the United States coast.

Petroleum geologists believe that portions of the continental shelf beyond the three mile limit contain valuable oil deposits, a White House statement said.

The statement said the proclamation by the president is concerned solely with establishing the

### FRESH MAJOR DISPUTES MAY FORCE MORE THAN HALF A MILLION WORKERS OFF JOBS

Latest Controversy Centers on Walkout of 6,000 Textile Workers in Paterson, N. J., Area Which Closed 70 Plants

### NUMBER NOW IDLE SOARS PAST MILLION MARK

By The Associated Press  
Labor troubles multiplied across the nation today, with nearly 2,000,000 away from work for one reason or another.

Actual strikes and shutdowns kept 409,000 off the job and there were 1,500,000 more affected in New York, directly or indirectly, because of the elevator operators and building service employees strike there.

Among latest developments were these:

A union spokesman estimated 62,000 walked out in 284 textile printing and dyeing plants in nine eastern states, despite a back-to-work order by their CIO union.

The workers demanded a 15 cents an hour wage increase.

The general executive board of the CIO United Retail, Wholesale and Department Store Employees of America authorized its Montgomery Ward & Company organizing committee to call a strike "if negotiations fail to terminate in an agreement."

The CIO United Packinghouse Workers Union said it would demand a general wage increase of 25 cents an hour from the industry.

John L. Lewis, United Mine Workers' chief, asked the bituminous coal management negotiators to meet him Monday on the mine foremen's dispute, which has made 36,000 idle in Pennsylvania and West Virginia. The dispute revolves about unionization of foremen.

Across the country, strikes and shutdowns kept some 370,000 persons away from their jobs, and with the New York City idle the total number affected touched around 1,870,000.

Meanwhile, the threatened nationwide strike of 250,000 CIO oil workers was delayed. After meeting three days in Chicago, principals in the conciliation conference moved to Washington to resume their efforts to effect a settlement in the dispute over wage demands and of the 13-day strike of some 3,500 workers in eight states.

The move to Washington was suggested by Secretary of Labor Charles C. Walling. The union is asking for a 30 per cent wage rate increase, and in three days of negotiations in Chicago the conference was deadlocked.

The 6,000 workers who walked out in the textile printing and dyeing plants in the Paterson area, members of the CIO Federation of Dyers, Finishers, Printers and Bleachers of America, are demanding, said a union spokesman, a 15-cent-an-hour increase to make up for loss of pay caused by the switch from the 60-hour week to a 40-hour week.

Other front-ranking labor disturbances continued.

The strike-idle in Pennsylvania hit a new high of 77,000, including 28,302 coal miners as 59 pits closed. In neighboring West Virginia 27 mines were closed, keeping about 9,000 off their jobs.

In the Pacific northwest, a threatened strike of some 37,000 CIO lumber workers was postponed at least until October 3, but the area's wood fuel supply was steadily shrinking as the strike by 60,000 AFL workers for wage increases entered its fifth day.

Strikes and layoffs in the Detroit area idled 80,000 and the oil strike brought further curtailment of production.

atomic power be kept under government control, so that its benefits may go to everyone.

The president has said he alone must make the final decision on his recommendation to congress.

The cabinet is said to be split on giving away, or keeping, the secret.

Meanwhile, congress gave signs of readying itself for the president's recommendation when it comes.

The senate approved and sent to the house a resolution by Senator Vandenberg

## FITS WARREN'S PLAN

Announcement that the plan of Gov. Edward Martin to promote industrial expansion and employment and to stimulate greater interest and pride in Pennsylvania through the home folks fits into Warren's plan to make this area an attractive playground.

Floyd Chalfant, secretary of commerce, has arranged for eight meetings over the state by which the home folks will be acquainted with the scheme as laid out. One of these will be held in Warren, October 3.

Chalfant said detailed plans will be discussed for the setting up of county organizations in every county of the state to push "Pennsylvania Progress" sponsored by the Governor. Deputy Raymond Smith will head a group of speakers for the meetings and Smith will be accompanied by Industrial Field Representatives and members of the State Planning Board.

Warren's Chamber of Commerce has been discussing a plan to advertise this county and to make it a magnet to bring in tourists who love the great out of doors. Forest Supervisor R. F. Hemingway has also appealed to the Chamber of Commerce and to various clubs to aid in the project. Erection of cabins, cottages and small hotels in or close to the forest area is urged by Hemingway so that visitors will not be disappointed when they come to play, hunt and fish. He has also urged that appeals be made to the Congressmen to aid in securing appropriations for the Forestry Department to develop bathing, water areas and recreation areas in the great Allegheny State Forest. Every organization in town should take a hand in this and write to Senators Myers and Guffy and Representative Gavin.

It is noted that manufacturers of prefabricated camps and cottages are ready to make deliveries on such buildings and any desiring to erect camps can get the buildings without delay.

Of the drive to be fostered by the state Secretary Chalfant said:

"We are trying to stimulate among our own people a more enthusiastic appreciation of the industrial greatness and natural beauty of Pennsylvania.

"That is the underlying thought in the slogan 'Pennsylvania is a great state—tell someone about it.' The idea is to get all the people in the state talking about their state and then doing something to make it better."

He outlined four points to be emphasized in the drive:

- "1. 'Sell ourselves on the fact that Pennsylvania is the best state in which to live and engage in business.
- "2. Re-discover our state in all its attractiveness and its advantages.
- "3. Stimulate community self-appraisal and bring about organized work for the good of every community of the state.
- "4. Encourage industry and business—local and out-of-state—to expand their operations in the state."

## WAR SAVING TIME ENDS

War Saving Time, which was inaugurated February 8, 1942, will end at two a. m., Sunday, when the nation goes back on Standard Time.

Don't forget to turn your clocks back an hour before before you retire tomorrow night. Of course, if you desire, you may want to stay up until two a. m., Sunday, turn the clocks back an hour and then stay up until two a. m. again.

When Warren goes back on Eastern Standard Time it will still be approximately twenty minutes ahead of the sun. Over half a century ago, when the present time zones were established, Eastern Standard was based on the 75th meridian at Philadelphia, which is quite a distance from Warren, a reader reminds. In other words, when it is noon by the sun in Philly, it is actually about twenty minutes to twelve by the sun in this area.

Another reader advises owners of alarm and striking clocks to turn them ahead eleven hours as this type of clock must not be turned backward. Pendulum clocks may merely be stopped and the plug pulled for an hour on electric ones. In turning striking clocks ahead, stop on the quarter, half, three-quarter and hour to allow the clock to strike, according to the type it is. Ordinary watches and clocks may be turned back, but some clocks will be found impossible to turn back as the knurled knob will merely unscrew.

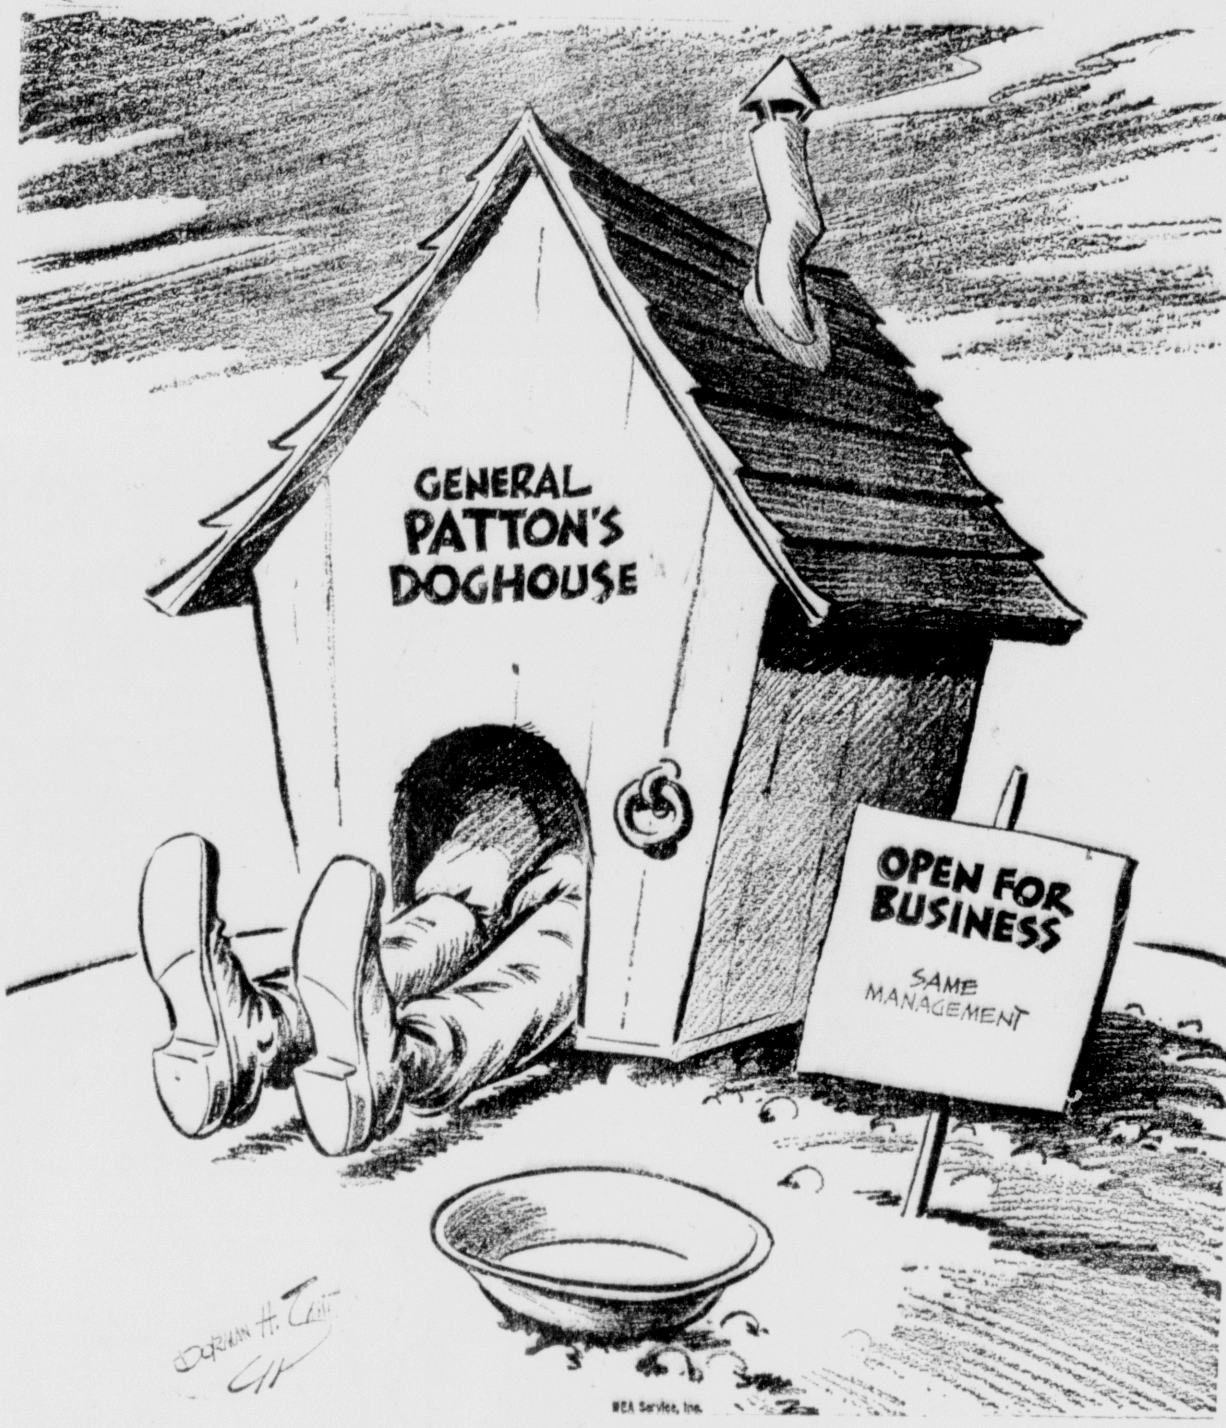

Have you noticed autumn has already started putting on her style show in the Warren area?

## YOUNGVILLE NEWS

Youngville, Sept. 27—Both the American Legion and Auxiliary met Tuesday evening in Legion rooms. The Legion elected the following officers for the American Legion Halgren-Wilcox Post: Commander, Raymond Fales; vice commander, Henry Danielson; adjutant, Clifford Sample; finance officer, Reid Detar; chaplain, Warren Jones; sergeant at arms, Alfred Smith.

Following the separate meetings the Legion and Auxiliary joined for little program honoring Miss Augusta Johnson, who because she was an army nurse, is active in both the Legion and Auxiliary and has served as commander of the Legion. She expects soon to take a trip to California and was given a gift from the two organizations. Later in the evening a group from the Auxiliary served a pleasant luncheon. The table for the repast was attractively decorated with flowers and candles. Youngville Music Booster Club will meet in the school house on (Turn to Page Five)

## Time Changes Sunday With Clocks Going Back One Hour

When President Truman put his pen to the legislation officially making into law the resumption of Standard Time thousands of the country over breathed easier. By this legislation the "fast time" which has been in effect since the war started will end. All clocks should be turned back one hour before retiring Saturday night as the new time officially goes into effect at 2 a. m. Sunday.

The Northern Express from Philadelphia will arrive in Warren next Sunday morning on "fast time" due to the fact that it leaves Philadelphia before the time changes. After that train all others will operate on Standard time.

To prevent general confusion in reverting to standard time after having observed war time for more than three and a half years the public should set all clocks back an hour before going to bed Saturday night (Sept. 29). It was stated today by C. S. Burnett, local manager of the Western Union

Telegraph Company. Standard time becomes effective at 2 a. m. Sunday.

The telegraph people cannot change the many thousands of Western Union clocks at once. Mr. Burnett said so the company is sending instructions to all subscribers stating that the minute hands should be turned forward around the dial eleven times to set the clocks back one hour to the new standard time. In resetting an electrically synchronized clock or any other clock Mr. Burnett pointed out the minute hand should never be turned backwards and the hour hand should not be touched.

If Western Union clocks in radio stations, railroad stations, industrial plants on public buildings and in offices, stores, theaters and schools were wrong much confusion would result. It will be possible for Western Union people Mr. Burnett said to reset in a short period of time only clocks in locations not difficult to reach.

not only pledged the cooperation of the choir but spoke briefly about plans for a new chancel and organ.

From a beautifully decorated buffet table the men of the church served a bountiful luncheon. Mrs. William Clark and Mrs. John Knapp poured.

## County WCTU Protests Conscription In 71st Annual Convention Held Here

The 71st annual convention of Warren County WCTU was held September 25 at the YWCA, with Russell Union as hostess and the county president, Mrs. Edith Kapp, presiding at all sessions. Guest speakers were the state president, Ella E. Black, of Indiana, Pa., and the national director of alcohol education, Mrs. Alvin Sherbine, of Johnstown.

Mrs. Black reported 33,070 members in Pennsylvania, a gain of more than 1,000 during the year, and gains in most all departmental work.

The inspiring devotional periods were conducted by Mrs. L. E. Russell, of Russell; Mrs. John Lawson and Mrs. Howard Linneman, of Middletown; Mrs. Anna Landin, Sugar Grove; Rev. J. C. Wygant, Warren; Rev. Philip Schlick, of Russell, and Rev. Harold Knappenberger, of Grace church, brought messages of help and inspiration. The musical program consisted of special selections by the Russell High School Orchestra and Miss Margaret Randall, harpist, and a solo by Mrs. Ora Miller, Akeley. Mrs. Schlick and Mrs. Gladys Jamieson were piano accompanists.

Rev. O. L. Winger conducted an impressive installation service following election of these officers: President, Mrs. Kapp; vice president, Mabel E. Dallas; recording secretary, Bessie Walters; corresponding secretary, Gladys Jamieson, and treasurer, Viola Putnam. Motion pictures were shown in the evening by Mrs. Sherbine and Archie Hunter. The following resolutions were presented and adopted:

"We, the members of the War-

ren County WCTU, assembled in 71st annual convention in Warren, Sept. 25, 1945, do hereby resolve that we re-affirm our stand for total abstinence and do hereby pledge our earnest and prayerful effort, for the over-throw of the legalized liquor traffic.

"Resolved, that we continue our Alcohol Education program in the public schools, church schools, and in youth groups wherever possible.

"Resolved, that we contact every Christian woman for a member of our organization.

"Thanking our Heavenly Father for His guidance and mercy in restoring peace throughout the world, we further resolve to exercise our best effort in the re-conversion program for creating a better world and a lasting, durable peace.

"Resolved, that we go on record against conscription of youth in peace-time and urge the women in our organization to petition our Congress against conscription.

"Resolved, that we do not lessen our efforts in fighting the narcotic and cigarette evil.

"Resolved, that we pray for our leaders, the world over, that they may Heavenly Father and His guidance earnestly seek the will of our King power.

"Resolved, that we extend sincere thanks to our hostess WCTU, Russell, to the YWCA, to the ministers who assisted, for the music, and to our friends from Penna. WCTU, Mrs. Black and Mrs. Sherbine, and to all who have helped to make a successful convention.

Respectfully submitted, (Signed) Mabel E. Dallas, Bessie Walters, Viola Putnam."

## Final Rehearsal Of Radio Drama

The cast of the first play in the new radio drama series to be presented by the Warren Players over Jamestown's radio station, WJTN, will have its final rehearsal tomorrow, before the group to the studio to present "The Marriage Proposal," by Anton Chekhov, on Sunday afternoon at two o'clock. Actors in the humorous and popular farce by one of Russia's greatest playwrights are Margaret Lewis, in the role of Natalia Stepanovna; Monty McClure as her father, Stephen Stepanovich Tschubukov; and Byron Knapp as Ivan Vassilyitch Lomov, a neighbor.

Anton Chekhov, one of the masters of contemporary Russian literature, is best known for his longer plays, "The Seagull" and "The Cherry Orchard." But in his short farces such as "The Marriage Proposal" and "The Boor," both presented in the Warren Players' studio, he shows the lighter side of Russian country life, infusing some of the spirit of the great Gogol into his broad character portrayals. In these plays he appears to be asking audience to set aside restraint and laugh with him at the stupidity and naivete, as well as the good-heartedness, of the people he knew so well.

The translation used for Sunday's production is the English version by Hilmar Baukhage and Barrett H. Clark. The radio adaptation has been written by Olive Archibald Huff, director of the new series, sponsored by the Metzger-Wright Company.

Final tryouts for the plays to be produced on October 7th and 14th will be held this evening at 8:30 in the Warren Radio News office at 438 Pennsylvania Avenue West, two doors east of the Trinity Memorial church. Anyone interested in the audition will be eligible to attend, regardless of previous experience.

One of the plays selected is J. M. Synge's tense and beautifully poetic play, "Riders to the Sea." The other choice will be determined this week-end, after this evening's tryouts.

## At Library Theatre

Hugging scene is just a family affair in Paramount's "Incendiary Blonde," due Sunday at Library Theatre. It's Betty Hutton, in the role of Texas Guinan, and Barry Fitzgerald, who plays Betty's father. An entertaining musical film in Technicolor, "Incendiary Blonde" co-stars Betty with Arturo de Cordova. Also in the star-studded cast are Bill Goodwin, Albert Dekker, Eduardo Cinnelli and Charles Ruggles.

## Preview of the Season

Designated as President's Day, the first fall meeting of the Woman's Club always has a two-fold purpose—honor to the member chosen to head the organization and pledge to her of co-operation in all the year's activities; and the first glimpse of what the new season will hold in the way of educational and entertaining programs. On Monday, October 1, members will gather at the clubhouse to greet Mrs. William F. Crossett at her first open meeting, and will be given a preview of the year's plans by those named as departmental chairmen at spring sessions.

The program will begin at 2:30 o'clock and will be followed by a tea in charge of Mrs. Albert Rockwell's Entertainment Committee. During the meeting, Mrs. William Fuellhart will tell of her plans for the Art Department, Mrs. Wallace Cowden for the Literature Department, Mrs. William H. Wright for the Dramatic Section, and Mrs. William Hill for the Community Service group. Further details concerning the club bazaar, big financial-raising venture of the early fall, will be presented by Mrs. R. C. Dawson. On the entertainment side, the committee promises special music and a very nice tea.

While no major changes have been made in the clubhouse this summer, many little details of refurbishing have been carried out to give it an air of freshness that will please the members. Another event on Monday will be distribution of the club year books, together with welcoming of a sizeable group of new members listed therein.

## Gebhardt - Long Mail Reservations Marriage Today For Play Monday

This evening at seven o'clock in St. Matthew's of the Woods church in Summit, Pa., Miss Patricia Long, daughter of Mr. and Mrs. John Long, 226 Main avenue, and William W. Gebhardt, son of Mrs. Julia Gebhardt, Pennsylvania avenue, west, and the late Frederick J. Gebhardt, will be united in marriage by the Rev. G. Duering.

The bride has asked her sister, Mrs. Robert Larson, to attend her as matron of honor, and Frederick G. Gebhardt will be his brother's best man.

Miss Long was graduated from Warren High school and from St. Vincent's School of Nursing. She has been engaged in private duty. Mr. Gebhardt was also graduated from Warren high school and was recently discharged from the army after serving three years in the ETO. He is now employed by the Bell Telephone Company.

### ASKS RESERVATIONS FOR DISTRICT SESSION

Mrs. Earl Fenderson, president of the Warren Business and Professional Women's Club, asks that her members who plan to attend the district meeting at Youngsville on October 13 will make their banquet reservations with her immediately. She will also assist with arranging transportation and may be called at 2489.

The banquet and evening session are to be held at the Pittsfield Inn and, since accommodations there are limited to 95 persons, it is imperative that local reservations be made no later than October 9 to avoid disappointment.

### ZONTIANS HOLD DINNER-MEETING

Zonta Club members held their regular meeting Thursday evening following a 6:30 dinner at the YWCA activities building. Reports of various chairmen on conference plans showed everything lining up nicely for the gathering to be held here Saturday of next week. Serving as social committee for September were Dr. Elizabeth Beatty, Pearl Bradley and Bertha Christensen.

### LOTTE DUNHAM'S PLAN GUEST NIGHT

Monday at 7:45 will be Guest Night for the Lotte Dunham Missionary Auxiliary at First Presbyterian church. Members are reminded to bring books—Bibles, those of a religious nature, English text-books, Reader's Digests, National Geographic, etc.—for sending to the Philippines; also

used Christmas cards for a mission in South America.

### MOTHERS' MEETING

The regular meeting of the Home Street Mothers Club will be held at 7:30 p. m. Monday at the school, Dr. Arnold A. Kippen, of Warren State Hospital staff, as guest speaker. All fathers are especially urged to be present to hear him and to take part in the discussion about the playground.

### BIRTHDAY EVENT

Mrs. Alton Henning, of Youngsville RD 1, was hostess at her home honoring the birthday anniversaries of Mrs. Stewart and Mrs. Louise Ruhlman. Following a buffet supper and a pleasant social time, the honored guests were presented with attractive remembrances from friends.

### DISTRICT LEADER

Mrs. Frank Donner, of Waterford, was named Northwest District vice president at the executive board meeting of Pennsylvania Congress of Parents and Teachers, held this week in Harrisburg. As previously announced, Mrs. A. J. Nicely, of Erie, heads the Congress in the coming year.

### WILLOW CREEK

## Times Topics

### NAME IS CHANGED

In a recent article appearing in the Times-Mirror relative to the sale of the Carver House Route 6 was mentioned as the Grand Army of the Republic Highway. This has brought many telephone calls to the editorial room asking if the official name is not The Roosevelt Highway. In order that all may be set right on this the name officially given the highway several weeks ago is The Grand Army of the Republic Highway by the State Highway Department. Route 6 traverses the nation from Cape Cod to the Pacific coast and in almost every state with the exception of Pennsylvania the name has been GAR Highway. Accordingly Pennsylvania fell in line some months ago. Sec. of Highways Schroyer has extensive plans for making the GAR Highway a three lane route from the east to west through Pennsylvania and use will also be made of Federal funds in the construction. Surveys have been made and work will get under way next spring.

### Thousands watch the face grow younger looking with Endocrine

Sounds too good to be true, doesn't it... that ENDOCRINE for eight years now has helped thousands of women regain a more youthful skin of face and throat? But it is true... true to a degree hitherto thought impossible. Yes, ENDOCRINE can aid most women to improve and beautify the skin itself, not merely its superficial "look." Only ENDOCRINE contains ACTIVOL®. This ACTIVOL® is a scientific replacement for woman's own natural, skin-vitalizing substance. When you apply ENDOCRINE, it is absorbed by the skin to help restore the normal growth of cells and tissues. This aids the skin to become fresher, softer, more radiantly youthful again. How better can you invest your cosmetic dollars? Many report vast improvement in only 30 days.

Food production in the United States was 32 per cent greater in 1943 and 37 per cent greater in 1944 than in the prewar years.

### Church Notes

Rev. J. C. Wygant's sermon theme in First Evangelical church on Sunday morning will be "No Turning Back", and in the evening he will preach on the theme "Our Lord's Return". Sunday will be Rally Day in the Sunday school and all departments and classes are urged to have 100 per cent attendance, and to bring their friends. Regular Sunday evening services will be resumed at 7:30 o'clock.

"Children and the Church" is the theme chosen by Pastor Hans Pearson for the 11 a. m. service in Moriah Lutheran church on Sunday, when there will also be installation of Sunday school teachers and officers. Other events for this charge include: Thursday, 8 p. m., Young Women's Missionary Society; Friday, 2:30 p. m., Ladies' Aid Society; also that the Church Paper Week will be sponsored by the Young Women's Missionary Society October 7-14; and that Sunday services will be at 9:30 and church school at 10:30 after October 7.

The Rev. P. E. Nordgren, of Kane, will occupy the pulpit for the morning worship period in St. Paul's Lutheran church on Sunday, while Pastor Nore G. Gustafson will be guest speaker for a confirmation reunion in St. John's Lutheran church in Stamford, Conn.

Rally Day will be observed in St. Paul's Lutheran Sunday school on Sunday. A special program has been prepared and promotions will take place. The new school year starts with the first Sunday in October, members are reminded.

Attention is called to two services of Holy Communion to be held in First Lutheran church on Sunday, the hours being 7:45 a. m. and 11 a. m. Captain Edward K. Rogers, honorably discharged from the army this week, will assist in the communion services and speak at the 11 o'clock service. Dr. H. A. Rinard, supply pastor, will speak at the early service.

Rev. Harold C. Warren's sermon in First Presbyterian church on Sunday morning will be "Toward An International Christianity". Jackson Barrell, organist, will play these numbers: Prelude—"Prelude in Olden Style" by Greenfield; anthem—"Let Not Your Heart Be Troubled" by Dickey; and, for the offertory, G. Walter Irwin will sing "Fear Ye Not, O Israel" by Spicker.

Special Promotion Day exercises will be observed in First Baptist Sunday school on Sunday morning, while teachers and officers will be installed at the 11 o'clock worship period. The evening service is scheduled at 7:30, as usual.

Sunday is Rally Day in First Methodist church. All scholars of the church school will meet in their various classrooms and departments at 10 a. m., and a record attendance is hoped for. The offering will be used for the work of Christian education in the Erie Conference. All teachers and officers of the school, along with the officers of the Youth Fellowship will present themselves at the eleven o'clock service for consecration. At this service the minister will speak on the theme "Teachers of Life" and the choir will sing "Benedictus" by Dr. LeRoy B. Campbell. The Youth Fellowship will meet at the Raymond Johnson cottage. Cars are to leave the church at 3:00 p. m.

Rally Day will be observed at two o'clock Sunday afternoon at the Christian and Missionary Alliance Sunday school, when a special program will be presented. At the three o'clock service, Evangelist E. D. Anderson will speak on "God, The Unknown," and in the evening his subject will be "Profit and Loss." The special meetings will continue all next week with Evangelist and Mrs. Anderson playing, singing and preaching at each service.

Pastor Hans Pearson, speaking in Bethany Lutheran church at 9:30 a. m. Sunday, will have for his topic "Children and the Church". He will also install Sunday school teachers and officers in conjunction with this service. Announced for the coming week are these events: Tuesday, Loyalty Bible Class entertained by Mrs. William Dalton, with Alice Rickenberg assisting; Wednesday, 2:30 p. m., Women's Missionary Society; Friday, 8 p. m., Luther League. The board of administration will postpone its meeting one week. On Monday and Tuesday, the pastor will attend a conference at Upsala College, East Orange, N. J. He also reminds members that effective October 7 morning worship will be at 11 a. m. and church school at 10.

Pastor Earl W. Carlson announces there will be no preaching service in the Freehold Lutheran church Sunday, since he will be attending a pastoral conference, and asks that all attend morning worship in Youngsville or Chandlers Valley. For Friday, October 5, he announces a meeting of the Chandlers Valley Luther League, to be held at the home of Mr. and Mrs. Arthur Engstrom.

Sunday is Rally Day at Grace Methodist church and every member is urged to make a special effort to be present. There will be a general assembly of the entire school in the auditorium at 10 a. m. and awards will be given those who have had perfect attendance during the past year.

## Farm Dams and Price Supports Discussed By Farmers Meeting

Earthen dams for the storage of water on tributaries were the chief points of discussion in the announcement of the 1946 Agricultural Conservation Program.

At a meeting of County AAA Committeemen and representative farmers from eleven northeastern counties of Pennsylvania representatives of the State Agricultural Conservation Committee discussed with these farmers three new practices which will be added to seven regular Conservation practices when the 1946 Agricultural Program becomes effective on January 1, 1946.

The discussion was led by W. Clayton Jester, Chief of Field Operations for the State Agricultural Conservation Committee who enumerated the ten practices now established in the new program.

Harold C. Putnam, president of the Allegheny Improvement Association heartily endorsed the several practices announced. He said any payment made by the government to farmers to prevent excessive run-off of water from hillsides to streams would improve the navigability of the Allegheny river. Mr. Putnam not only showed great interest in the storage of flood waters in small farm ponds, but likewise in the reforestation of hillsides, the construction of diversion ditches and sod waterways, and the contouring of crop so as to prevent the erosion of soil to navigable streams. He expressed the opinion that no one could be critical of a program so much in line with the general welfare.

The farmers of Erie, Warren, McKean, Potter, Cameron, Elk, Venango, Crawford and Mercer Counties assembled at the Warren Court House yesterday to hear an

address by Dr. George Dykhuizen of the University of Vermont and Arthur G. Conover, Agricultural Economist representing the North-western Region of the Agricultural Adjustment Agency of Washington. The conference was held to prepare County Committeemen

Albert H. Smith, prominent Crawford County farmer and livestock breeder, presided at the days session. He is a member of the State Agricultural Conservation Committee.

for the 1946 Agricultural Conservation Program and to set up the machinery for Government price supports as inaugurated by Congress during the war to act as an incentive for increased production. Farmers who made drastic

changes in their farming operations, purchased additional equipment, or invested in expanded livestock or specialty crop facilities were guaranteed by Congress a price support program which would help them to liquidate investments during a period of two years following the cessation of hostilities.

Today the closing of war industries and dislocation of many industrial workers has been reflected in sagging agricultural markets and therefore has resulted in the accumulation of agricultural surpluses in several commodities. This is particularly true of the large potato crop. The national potato crop is approximately 44 million bushels in excess of our normal demands. A government support program has become effective and wherever surplus potatoes are offered for sale at the government support price of \$2.15 per hundred pounds for U. S. No. 1's the County AAA Committeemen have been authorized to accept offers from these farmers and make purchases as directed by agents of the United States Secretary of Agriculture. Some of these potatoes are being moved into the starch factories of Maine and others are being utilized for livestock feeding where farmers are willing to make purchases at a price comparable to the market value of corn ensilage. Several experiments have been made by Agricultural experimental stations, particularly the University of Colorado and at Cornell University. Some potatoes from southern Pennsylvania have been shipped to the University of Vermont where research has been conducted by the Experiment Station to determine food value of potatoes when used as ensilage. A bulletin published by the University of Colorado indicates that potato ensilage when mixed with corn fodder in the proportion to five parts of potato pulp to one part of fodder compares very favorably with corn ensilage.

According to a statement by Clyde A. Zehner, Chairman of the State Agricultural Conservation Committee, in presenting the subject to the members of the conference, Pennsylvania farmers who would like to experiment with potatoes as ensilage should contact their County AAA Committee.

In discussing other phases of the present economic situation and outlets for surplus food, Mr. Zehner pointed to the demands of the nation for better nutrition. He emphasized the need for an expanded school lunch program, a food stamp plan for people of low incomes, and a greater use of in-plant feeding projects by industrial organizations. The proper use of these agencies will prevent many diseases now inherent in our population and will definitely reflect a low cost in public institutions in the future if the influence of tuberculosis and malnutrition can be checked or controlled.

### Mixture of RHUBARB and SODA, N. F.

For many generations, physicians have prescribed Mixture of Rhubarb and Soda for simple stomach distress. In our opinion, it has no equal for that purpose. Keep a bottle handy. Your grandpa and grandma depended on it, and probably gave it to you. Ask your doctor.

**EXERCISED CAR**  
Yesterday the big car loaded with tin cans appeared to be about ready to run over despite the fact that Bert Erickson had carefully tucked sideboards of big gallon cans all around the car. Another truck hove in sight loaded with processed cans and Chairman Corbett and Bert Erickson pondered on what to do. "If we could just get that car out for exercise it would jar those cans down until we could get this truckload in," said Mr. Corbett to Agent Ed Boyd of the New York Central. "Well, we can fix that," said Mr. Boyd and the crew of the local freight hooked the car back of the engine and took it up the line and brought it back in the afternoon. By that time the cans had settled down and Bert got the extra cans on board. Erickson and Boyd did good work and their efforts got several hundreds of extra pounds on the car.

**Two Arrested As Result Of Cars Crashing**

A. K. Shepard, of Kinzua and Hollis Keister, of Clarendon were placed under arrest by police last night as the result of a car crash on Pennsylvania avenue at Franklin street. A car driven by Robert Moll, 2014 Pennsylvania avenue east had stopped for the traffic light when a machine driven by Shepard and owned by Keister crashed into it from the rear. The Moll machine was damaged to the extent of \$75 and the Keister car suffered \$125 damage. Shepard had no operators license and Keister allowed him to operate a car without a license so complaints were lodged by the officer investigating the crash.

Howard Ishman, of Youngsville also was summoned to appear on a charge of crashing traffic light at Pennsylvania avenue and Liberty street.

A nine year old boy was picked up by the police for taking mail from a box in the West End. The mail was found in the toilet of a gas station.

Book agents without permission to make a canvas of the city were sought today by police. They had called at one home and the woman of the house called police. Request is made by police that an officer be summoned if the agents call at any home in the borough.

Lights were noted in the High School building last night and several windows in the basement were open. The police investigated and closed the windows.

**SUGAR GROVE**

Sugar Grove, Sept. 25—Mr. and Mrs. Walter Warner, entertained the meeting of the Sunday School board of the Methodist church, at their home Wednesday evening. The business meeting was conducted by the superintendent, Mrs. F. A. Schoonover who also led in the devotion. Plans were made for Rally Day, September 30th. Officers elected for the new year were, Supt. Walter Warner, Asst. Supt., Mrs. Schoonover; secretary, Mrs. Schoonover; treasurer, Lewis Barlow; Cradle Roll Supt., Mrs. Doris Jones; Elementary Supt., Mrs. Walter Warner; Pianist, Dorothy Miller, Choirmaster, Beverly Beck.

At the close of the meeting, Mrs. Warner, assisted by Mrs. Bleakley and Mrs. Gerald Miller, served refreshments.

Mrs. Adna Broughton entertained the Winodausis Class at her home Friday afternoon.

Mrs. Merritt Baker, of Westerville, O., guest of her sister Mrs. Pearl Brookmyre, acted as pianist and Mrs. F. A. Schoonover conducted the devotion. A tureen dinner was served at the close of the meeting.

Among those who attended the first commencement of the training school for the nurses of the W.C.A. Hospital, Jamestown, Friday evening were Mr. and Mrs. Walter Warner, Mrs. Margaret Woodside and Mrs. Burt Schoonover. Miss Betty Hoyt, of Sugar Grove, was a member of the class. Mrs. Stuart Anderson entertained the Bridge Club and several guests Monday night. Three tables of bridge were played with high score going to Mrs. Delmar Mickleson. The hostess served a decorated birthday cake for two members of the club who had birthdays on Monday, Mrs. J. A. McIntosh and Mrs. Ralph Abbott. Those attending the wedding of Miss Edna Johnson and Sgt. John Clark, at the Corry Methodist church, Saturday evening were Mrs. E. G. Frodelius, Mr. and Mrs. Walter Warner and sons Robert and Wendell, Mr. and Mrs. Neil

## Warren Cops Counted Out Of State Fund

Warren and at least 27 other communities that had expected to share in distribution of \$761,018 to police pension funds throughout Pennsylvania were counted out of this year's split today.

The justice department ruled "only municipal treasurers where police pension organizations were set up on" last Jan. 1, "will qualify for distribution of any portion of" the two per cent tax collected on casualty insurance premiums sold in Pennsylvania during 1944 by "foreign" companies.

"The funds to be distributed each year are those collected in the preceding year, and since they are payable to municipal treasurers as of January 1, they are payable to those treasurers whose police pension organizations are paid on that date to receive them," the opinion explained. The tax is payable to the state on the following March 15, and half goes to the pension funds and half to the commonwealth.

It has been found that so far, only 28 of those that replied to a questionnaire from the auditor general's department, had funds in existence last year and therefore can share in last year's collections.

### REAL ESTATE DEALER ROBBED OF \$3,700

McKeesport, Sept. 28.—(A)—Police today sought armed bandits who held up an East McKeesport real estate dealer yesterday and fled in a stolen car with \$3,700 in currency.

J. G. Topley and his wife were sitting in Topley's office when two men came in, flashed guns and said:

"This is a stickup," Mrs. Topley seized a telephone but was chilled by a snarl:

"Drop it!" His companion meanwhile had scooped bills out of Topley's safe and cash register.

At the street, the bandits re-joined a confederate in a parked car and sped away.

### BOLIVIA BREAKS OFF WITH FRANCO SPAIN

Washington, Sept. 28.—(A)—The Bolivian embassy said today that Bolivia had broken relations with Franco Spain.

Bolivia is the first American nation to withdraw its recognition to the Franco regime.

An embassy spokesman said the decree had been passed because of the country's desire to fight Axis influences wherever they remain in the world.

### TWO DEAD IN PLANE CRASH

Palmyra, Sept. 28.—(A)—A recently purchased army trainer plane crashed near the Palmyra airport last night, killing both occupants, Cyril Mazakas, 25, of Campbelltown, formerly of Minersville, and Lester Ebersole, 25, of Elizabethtown.

## Sylvania Planning New Stock Issue

Philadelphia, Sept. 28.—(A)—Sylvania Electric Products, Inc., New York, registered with the Securities and Exchange Commission 100,000 shares of \$3.75 cumulative preferred stock without par value.

Principal plants of the company are in Emporium, St. Marys, Brookville, Williamsport, Millhall, Altoona and Warren, Pa.; Jamestown, N. Y.; Dover, N. H., and Salem, Danvers and Ipswich, Mass.

The company plans to use net proceeds to redeem its \$3,770,000 of outstanding 3 1/2 per cent sinking fund due 1957, at 102 per cent, and for additional plant machinery and equipment, and "possibly for the acquisition of other businesses."

Part of the proceeds will go for additional working capital and for advances to Colonial Radio Corp., Buffalo, N. Y., a subsidiary, for Colonial's expansion program.

### Will Use Marines As "Minute Men"

Washington, Sept. 28.—(A)—Plans for use of United States Marines as "minute men" in the international organization to maintain peace were discussed today by Gen. A. A. Vandegrift.

Testifying in support of a post-war Marine force of 100,000 enlisted and 9,200 officer personnel, the Marine commandant told the house naval committee:

"In the event that present efforts toward international organization to prevent
